Special Counsel for Intelligence Coordination
Office of the Deputy Attorney General

Washington, D. C. 20530

Dear Mike:

Regarding the Select Committee's investigation of the Secret Army Organization activities in relation to the FBI in the San Diego area, the Committee requests that a member of its staff be given access to the original materials maintained at the San Diego field office of the FBI. Such access should be initially to copies at FBI headquarters, as previously arranged, and subsequently to the originals at the field office.

In addition, I thought that the Justice Department and the FBI might be interested in the attached copy of a letter from Committee counsel Michael J. Madigan to the editor of the San Diego Union.

Sincerely,

Mr. Gerald Warren

Dear Mr. Warren:

I was surprised to read the article entitled "Report Due on FBI Probe" which appeared on the front page of the San Diego Union of January 27, 1976. The article contained statements attributed to me which were false. I regret to say that I feel this inaccurate reporting was done intentionally by your reporter, Mr. Dillon, in a brazen attempt to buttress his earlier articles about the SAO.

Specifically, Dillon's article states:

"Madigan said his four-day visit to California has confirmed most news reports about FBI involvement with the SAO's guerrilla war against political dissidents in San Diego during the early 1970's."

His article goes on to say:

"The FBI was 'very much involved' with the Secret Army Organization, a Senate investigator said here yesterday after interviewing the SAO co-founder and former FBI informant Howard Berry Godfrey."

Both of these statements attributed to me are false. I never made such statements to Dillon or anyone else. To the contrary, what few things I did say to Dillon were almost the opposite. More particularly, I asked him where the evidence was for the statement reported in his January 11, 1976 article which claimed that the FBI "created a group known as the Secret Army Organization" I told Dillon that our investigation had uncovered no such evidence. With a sheepish smile, Dillon implied that he knew of no evidence

fer that statement and had overstated the case. While the record of the FBI's involvement with its informer Godfrey does not present a pleasant picture, I now feel compelled to state publicly that, in my opinion, the San Diego Union articles by Mr. Dillon have presented an exaggerated picture of what really happened.

As I indicated in my telephone conversation on January 30, 1976 with Mr. McArthur of your newspaper, I am requesting that you print this letter as testimony of your newspaper's sense of fair play, honesty and accurate reporting; a sense which your reporter lacked. The people of San Diego are entitled to no less.

The Honorable Edward H. Levi
Attorney General of the United States

Washington, D. C.

Dear Mr. Attorney General:

It has come to the attention of the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities that on February 2, 1976 the Department of Justice turned over to plaintiffs in the Hampton v. City of Chicago case certain Justice Department and FBI documents.

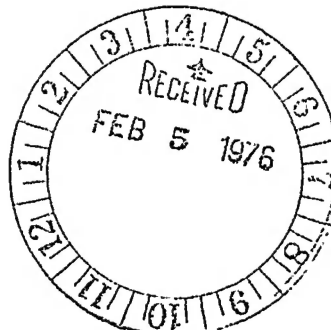

The Select Committee believes these documents may be relevant to its investigation of the FBI's role in the December 4, 1969 raid, and for this reason I now request that these documents be sent to the Select Committee.

Your promptest attention to this document request will be greatly appreciated.

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75
62-116395

At the outset, Gitenstein furnished Bureau representatives with a typed agenda (attached) summarizing material to be discussed at the forthcoming Executive Session. In general, the attached agenda assumes that Congress would enact legislation closely paralleling the "Stone" language. That is, Bureau investigations would be authorized only when there is reason to believe that an individual has committed or is about to commit a specified crime. Exceptions would then be written into the legislation to permit Bureau investigations in such areas as organized crime, back^{ground} investigations and counterespionage/foreign counterintelligence investigations. Recognizing a possible need for investigations of a domestic intelligence nature, including threats of civil disorder, the agenda then requests Bureau input as to need for investigations falling within this category and an assessment as to how effective the Bureau can be in preventing acts of violence through use of intelligence techniques. Additional areas for Bureau input, according to this agenda, include (1) the necessity for investigation of groups calling for the illegal overthrow of the Government at some future date but where violence is not imminent and (2) the question of "preventive action" whereby the Bureau would be permitted to engage in deterrent-type actions against a group or individual where violence is imminent and arrest impractical. Gitenstein and Epstein both emphasized that the criteria for any exceptions, added to the basic "Stone" language, will be "Why can't the exception be handled by traditional law enforcement?"

Realizing the short deadline to properly prepare for the Executive Session, then scheduled for 2/2/76, an agreement was reached whereby the Executive Session would be rescheduled from 2/2/76 to 10:00 a.m., 2/6/76. It is

anticipated that Bureau representatives at the forthcoming Executive Session will include Assistant Director Wannall, Inspectors Helgeson and Hotis, and Section Chiefs Deegan, Mignosa and Shackelford, supra.

On the morning of 2/2/76, the above-named Bureau personnel, with the exception of Assistant Director Wannall, held a conference to prepare for the forthcoming Executive Session. It was agreed by all that the mandate for Bureau investigations in the domestic intelligence field, as proposed above by SSC Staff Members, was entirely too narrow and it was agreed that Bureau representatives at the hearing would recommend a legislative approach following, in general terms, the proposed Attorney General guidelines which would afford this Bureau a broader mandate in protecting Governmental interests. Assignments for areas of responsibility were made as follows: Inspector Hotis - Various proposed guidelines affecting Bureau operations, court decisions recognizing right of executive branch to protect Governmental interests and distinction between criminal and intelligence investigations; Section Chief Deegan - Effectiveness of FBI in preventing acts of violence as a result of information received from intelligence investigations and Bureau assessment of threats of civil disorder and techniques necessary to collect such information; Section Chief Mignosa - Extent of terrorist activity in this country citing specific instances of known activity, as well as necessity for sources to garner such information; Section Chief Shackelford - Necessity for investigation of groups which believe they will, at the propitious time, engage in violence for the forcible overthrow of Government, but believe for the immediate future violence is either not necessary or impractical.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11/30/00 BY SP2AMK/P

On Monday morning, February 2, FBI officials from the Internal Security Branch of the Domestic Intelligence Division will appear before the Committee in executive session. The primary purpose of their appearance is to discuss with the Committee the future role of the FBI in traditional domestic intelligence operations -- that is, intelligence investigations of American citizens who are not agents of foreign powers. The primary witnesses will include Raymond Wannall, Assistant Director for the Intelligence Division; Hunter Helgeson, Branch Chief for the Internal Security Branch; Joseph Deegan, Section Chief for Extremist Investigations (investigations of terrorists, Black Panthers, and the Klan); Robert Shackelford, Section Chief for Subversive Investigations (investigations of the Communist Party, the Weathermen, and other "radical groups"); and, finally, John Hotis, the FBI's representative to the Attorney General's guidelines drafting committee.

The primary question which should be discussed on Monday is the scope of domestic intelligence investigations

ENCLOSURE

62-116395-1355

which the Congress should permit in any legislative charter it enacts. In what circumstances should the FBI be permitted to go beyond the standard which former Attorney General Harlan Fiske Stone imposed upon the Bureau in 1924 -- that the FBI only conduct traditional criminal investigations? For the purposes of Monday's discussion we might assume that the Congress were to enact the Stone standard via the following language:

The Attorney General may authorize officials of the Department of Justice to investigate violations of federal criminal law only where there are specific and articulable facts which, taken together with rational inferences from those facts, give rise to a reasonable suspicion that an individual has committed or is about to commit a specific violation of federal criminal law.

Now, obviously, Congress would also have to draft exceptions to that standard for organized crime investigations, narcotics investigations, background investigations, and FBI counterespionage/foreign counterintelligence investigations. The primary question for Monday's witnesses is -- what additional exceptions do they believe the Congress should consider? If so, how would they define each of these exceptions? What type of techniques would they authorize to be used in those circumstances? What threshold or predicate would they require for an investigation of activities defined in the exception?

In our executive sessions thus far, we have heard testimony from the General Accounting Office experts on domestic

intelligence, local law enforcement officials, and federal law enforcement officials, all of whom seem to agree that perhaps there should be an exception to this general rule for FBI assistance in the assessment by other federal officials of the threat of civil disorder and the necessity for federal troops. We have also heard from GAO and other experts that perhaps we should also be considering an exception for intelligence investigations of avowed terrorist groups like the Weathermen, or the Panthers.

In evaluating the necessity for this last exception, there are two basic questions which must be asked of these witnesses. First, what are the sources and extent of organized terrorist activity currently affecting the United States? Second, how effective can the FBI be in preventing specific acts of violence by these groups through the use of intelligence techniques?

On January 15 we wrote to the Bureau requesting materials on the FBI's assessment of the potential of terrorist violence in connection with this year's Bicentennial celebration. This material, which has not been delivered to the Committee, will be supplied at the briefing and should help the Committee understand how the Bureau assesses the threat of terrorist violence, whether that assessment is realistic, and, finally, whether that potential for violence is sufficiently serious to justify an exception to the so-called Stone standard.

On the second question, the FBI was requested on December 18 to provide examples of instances in which the Bureau has actually prevented violence through an intelligence investigation. As of the middle of this week, the Bureau had provided ten such examples with underlying documents. We are attempting to summarize at least five of these cases, which involve hundreds of documents, by Monday. The actual facts in these five cases will be read into the record and would serve as the basis for questioning the Bureau on whether intelligence techniques can actually prevent violence by terrorist groups and, secondly, how the wording of various formulations of the threshold for such investigations, e.g., in the Attorney General's guidelines, in the Bureau's revised Manual sections, or in a proposed legislative charter, would affect their ability to prevent violence.

Finally, there are two other areas that should be discussed on Monday. First, some of the witnesses on Monday, in particular Robert Shackelford, have expressed concern about whether the guidelines and proposals we are considering do not in effect eliminate so-called subversive investigations in that neither the Attorney General nor the Committee are considering authorizing Bureau intelligence investigations where the likelihood of violence is remote. For example, he contends that in most subversive investigations, that is of the Communist Party, the Socialist Workers Party, and other Marxist-

Leninist groups, the potential for violence is real but remote. In other words, these groups believe that when the time is ripe they will engage in violence for the forcible overthrow of the government, but that for the moment violence is not necessary. Therefore, he would contend that an additional exception is necessary for such investigations. First Amendment and other constitutional problems with such an exception are obvious.

The final area which should be discussed on Monday is the question of "preventive action". The Attorney General's draft guidelines in Part IV would authorize the FBI to engage in certain preventive action/COINTELPRO-type actions against intelligence targets. In essence, the Bureau would be permitted to take action against a group or individual, above and beyond arrest, where violence is imminent and arrest is impractical. The Bureau has provided us with examples of situations in which they feel they should be authorized to engage in preventive action. Those examples, which are included as Attachment A, should be discussed with the witnesses. It is interesting to note that some of these examples would not even be permitted under the Attorney General's guidelines.

We are also including, as Attachment B, a copy of the Attorney General's draft guidelines for your review and will have further materials, including summaries of the five cases where violence was prevented, available on Monday morning.

Dear Senator Magnuson:

Your letter of January 30, 1976, enclosing a copy of a letter dated November 29, 1975, from Mr. Ernst L. Gayden has been received. As you requested, I am returning Mr. Gayden's letter.

Mr. Gayden commented on a statement appearing in the November 26, 1975, issue of the Seattle Times newspaper quoting me as stating, "There might be some justification for firing or reprimanding Agents involved if they knew their acts were illegal!" You requested that I provide you with an explanation for this statement.

The article contains information reportedly gathered from testimony of representatives of the FBI before the United States Senate Select Committee on Intelligence Activities and an interview of me by a news media representative. This statement cited by Mr. Gayden pertains to the FBI's COINTELPRO and the investigation of Dr. Martin Luther King, Jr. As a representative of the FBI has testified previously and it is my position, there was no legal justification for harassing the late Dr. Martin Luther King, Jr.

With regard to the imposition of sanctions against personnel involved, it is my position that the ultimate responsibility for the correctness of these activities rested with the FBI executives who approved and directed them, none of whom are currently with the FBI. Since they are under review by the United States Department of Justice to determine if these activities constituted violations of law, it is not appropriate for me to make further comment at this time.

Sincerely yours,

Clarence M. Kelley

Hon. Warren Magnuson
U. S. Senate
Washington, D. C.

Dear Senator Magnuson:

I have just read in the Seattle Times of 26 November 1975, an article in which Mr. Clarence M. Kelley is reported to have said "there might be some justification for firing or reprimanding agents involved if they knew their acts might be illegal"! I am so outraged by the incredible brass of that statement that I cannot wait to type this letter to you.

Since when, I'd like to know, has being unaware of the illegality of any act, been an adequate defence? I have always heard, since I was a child, that in the U. S. "ignorance of the law is no excuse." And now, Mr. Kelley is telling us that officers of the law, especially and vigorously trained - not ordinary cops - might not know that their acts were illegal. That's incredible? Mr. Kelley is obviously, in his own words, condemned as being unfit to head the most potent police force in the nation.

I'd like to know what your thinking is on this matter.

Sincerely yours

No plans to punish in F. B. I.

WASHINGTON — (AP) — Clarence M. Kelley, director of the Federal Bureau of Investigation, probably won't punish agents involved in a harassment campaign against thousands of Americans if the Justice Department doesn't prosecute the agents.

Kelley said yesterday he is not considering disciplinary action against the agents "in the absence of any direct allegations of involvement in something illegal."

He suggested that the agents should not be punished for taking part in a disruption campaign they believed to be legal.

ON OTHER subjects in an hour-long interview, Kelley said:

— He has urged F.B.I. agents to protest orders they consider illegal or improper and to bring their complaints to him if they wish to do so.

— He acknowledges that paid informers may provoke criminal acts, but he has made no changes in F.B.I. policies on the use of informers.

— He has "absolutely no thought in my mind" about resigning, although he did recently consider leaving his job.

Kelley was questioned about possible disciplinary action against agents still with the F.B.I. who were involved in counterintelligence against the New Left, black militants, civil-rights organizations and other groups. The programs were conducted during the regime of the late Director J. Edgar Hoover and included extensive efforts to destroy Dr. Martin Luther King, Jr., as a leader of the civil-rights movement.

The Justice Department is investigating the harassment campaign to determine whether laws were violated. Kelley said he agrees with an F.B.I. official's testimony before the Senate Intelligence Committee last week that there was no legal justification for the campaign against Dr. King.

THE DIRECTOR said "there might be some justification" for firing or reprimanding agents involved if they knew their acts might be illegal.

"But at the time of the program," Kelley said, "this did not seem to be a part of the thinking of those who did participate. If they know it's illegal, I think this places upon them a responsibility. But there is no indication that any who participated knew or even thought that it was illegal to do these things."

He added, "I'm very firmly of the opinion" that the top-level officials who ordered the campaign must bear responsibility for it. Few of those directly implicated are alive, and none are with the F.B.I. now.

SUBJECT: U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)
W. MARK FELT - WITNESS

ALL INFORMATION CONTAINED

DATE 11/30/00 BY SP/AMK

On 1/30/76 W. Mark Felt, retired Bureau official, telephoned for Mr. Bassett and in his absence out of town he talked with Inspector J. A. Conley. Mr. Felt advised that he has been called to testify in Executive Session before the SSC on Tuesday, 2/3/76. He indicated that he had already had a discussion with staff members, including Mr. Elliff, concerning his testimony, and thought that it would pertain to the Bureau's Inspection Division's operations and why the Inspection Division over the years had not known of certain activities engaged in by the Bureau. Mr. Felt pointed out that in his preliminary discussion he was informed that the FBI had 16 different wiretaps on Martin Luther King. Felt said that he knew nothing about such wiretaps occurring at that time. Mr. Felt offered his opinion that he believed that the testimony would go along similar lines concerning the Inspection Division's functions in the past.

Mr. Felt stated that he was aware that Mr. Bassett was also scheduled to testify on 2/3/76 and was calling merely to offer any assistance that he could concerning such testimony and, in fact, thought that possibly we could be of some assistance to him. It was pointed out to Mr. Felt that while Mr. Bassett had been scheduled to appear before the SSC on two different days this current week, both of these appointments had been cancelled by the committee and as Mr. Bassett had to go out of town next week, the committee had been so informed that he would not be available to appear until on or after 2/9/76, and the committee was aware of this fact.

EX-115 REC 21 62-116375-1352

During the conversation Mr. Felt stated he thought he had been designated Assistant Director of the Inspection Division in October, 1964, and it was pointed out to him that actually he took over this position from Mr. Gale on 12/14/64 and, according to our records, remained as Assistant Director of the Inspection Division until 7/9/71 when he went to Mr. Tolson's Office. Mr. Felt expressed appreciation for the exact dates and he said he did not have these specific dates in mind but only the general time frame, and he was also reminded that prior to assuming the position of Assistant Director in the Inspection Division he had served as Number One Man in the Training Division. Whether Mr. Felt remembered his position prior to assuming the position of Assistant Director was not known, but he seemed appreciative of this reminder.

Reference is made to your letter dated January 12, 1976, captioned "Joseph Kraft Burglary" which revealed that when Mr. Kraft and his attorneys reviewed an FBI memorandum dated July 18, 1973, titled "Joseph Kraft," they raised a question about references on pages 2 and 3 of the document. The questioned paragraphs are as follows:

"On September 4, 1969, Joseph Kraft advised the Washington Field Office of the FBI that he left his home (3021 N Street, Northwest, Washington, D. C.) at approximately 9:20 P.M. on September 3, 1969, to visit with former Governor Averell Harriman who resided a few doors from the Kraft residence. At approximately 9:45 P.M. Mrs. Kraft, who was in the second floor bedroom of the residence, came down the stairs and found the door open.

"Subsequently, it was discovered by Mr. and Mrs. Kraft several items of sterling silver were missing from the dining room and the pantry which items, according to the Krafts, had an estimated value of approximately \$10,000.

The Attorney General

"A crime scene search and processing of the crime scene by the Metropolitan Police Department produced negative results. No forcible entry was noted and Mr. Kraft advised investigative officers of the Metropolitan Police Department that he had probably left the front door ajar when he departed the residence.

"On the morning of September 4, 1969, the Metropolitan Police Department was advised by the Washington National Airport Police that some silverware had been found near one of the entrances to the terminal at the Washington National Airport. The silverware was recovered by the Metropolitan Police Department and processed for latent fingerprints without success and the items were returned to Mrs. Kraft upon her identification of the silverware. No suspects were developed by either the FBI or the Metropolitan Police Department in the investigation of the matter."

Mr. Kraft did not recall having spoken to the FBI about the burglary. Your letter noted the incident is curious in that the only reference to it comes in the memorandum of July 18, 1973, discussing a press report about the activities of John D. Ehrlichman.

Two questions raised by you in your letter are:

- 1) "What other documents in FBI files say about the September 3, 1969, burglary?"
- 2) "What files of the Bureau or its Washington Field Office (WFO) indicate about how the conversation concerning the burglary took place?"

The Attorney General

In response to question one, enclosed herewith are Xeroxes of serials numbered one and two from FBI Headquarters (FBIHQ) file 87-107157 and serials numbered two, four, five and six from WFO file 87-17564. The enclosed serials contain all information (excluding the July 18, 1973, memorandum, supra) which could be located in the files of WFO and FBIHQ regarding the Kraft burglary. Xeroxes of serials one and three of WFO file 87-17564 have not been included since they are identical to serials one and two of FBIHQ file 87-107157, which have been enclosed.

In response to question two, regarding FBIHQ or WFO files concerning how the conversation about the burglary took place, we refer you to the Xeroxes of the serials furnished in response to question one and enclosed with this letter. These serials, as noted above, contain all information which could be located in the files of WFO and FBIHQ regarding the Kraft matter with the exception, of course, of the July 18, 1973, memorandum in question. No serials were located which described how the conversation concerning the burglary took place.

It is noted that enclosed WFO serial four, Baltimore letter to WFO dated October 21, 1969, references WFO airtel to Bureau September 21, 1969. A search of the appropriate files at FBIHQ and WFO has failed to locate any communication to FBIHQ from WFO dated September 21, 1969, regarding this matter. It is believed that such reference is incorrect as to date and actually refers to enclosed WFO airtel to FBIHQ dated September 4, 1969, a copy of which was sent to Baltimore.

The Attorney General

NOTE:

Per FBIHQ instructions 1/23/76, WFO reviewed files for pertinent material regarding the AG inquiry as well as issues of the two Washington area dailies published during the period 9/1-7/69. WFO forwarded enclosed serials 2, 4, 5 and 6 from its file and advised newspaper review was negative regarding Kraft burglary.

By way of further explanation it would appear that retired SA James R. Wagoner, the author of the questioned July 18, 1973, Bureau memorandum, may have deduced from available FBIHQ serials that Kraft actually advised WFO of the burglary, when in fact the serials do not state that although serial 1 (enclosed) strongly suggests it. We have not included this hypothesis in the letter to the AG since it is speculation and the AG's request referred to documentary-type information in our files. Check with WFO made by Supervisor T. E. Burns, INTD, with SA John P. Loomis, WFO.

The SSC caption has been utilized in responding to this request since the matter at hand is related to our response to an earlier SSC inquiry.

area is removed from the actual terminal facilities and the buildings are occupied by Federal Aviation Assoc. personnel. Mr. KAMP stated he had been mowing the lawn on the opposite side of the building and came around to mow the other side at approximately 11:00 a.m. He noticed this brown colored cardboard box on the lawn. He described the box as being approximately 36" long by 18" deep and 18" wide. Mr. KAMP noticed the box as soon as he came around that side of the building as it was not hidden in any respect as the grass is mowed short and it was merely placed in this location adjacent to a parking lot. Mr. KAMP explained he went over to remove the box from the grass as it would be in his way when mowing the lawn. When he picked up the box, the bottom fell out of it and he noticed the box was soaked. Mr. KAMP is of the opinion that the box had been placed there the night before, as to the best of his recollection it had rained that night, but was not raining on the day he found it. Mr. KAMP recalled picking up the several pieces of silver and bringing it into his immediate supervisor's office, Mr. McCULLEN. Mr. KAMP said that was the last time he saw the silver. He said at the time he observed the silver he had no idea it was worth very much as it did not appear to him to be anything of value.

Mr. KAMP said the box fell apart when he picked it up, and therefore he placed it in the dumpster. Mr. KAMP explained that the dumpster is picked up daily and the trash brought to the incinerator. Mr. KAMP concluded by saying he has no knowledge as to who could have placed the box there nor has he any idea how long it was there other than that which was previously stated concerning it being there since the night before.

As previously reported, the victim apparently left his front door ajar when he went around the corner to visit with former Governor W. AVERELL HARRIMAN. Upon his return, the victim was appraised by his wife that silverware from the dining room and the pantry was missing. Victim contacted the Metropolitan Police Department, Washington, D.C. (WDC), and their investigation revealed no signs of forcible entry and no latent prints developed. No witnesses or suspects developed.

On the morning of 9/4/69, Detective HERBERT M. WANAMAKER, MPD, received a telephone call to report to the Washington National Airport Police (WNA) Office to view some recovered silverware. Upon arrival at WNA, Detective WANAMAKER was advised that the silverware was found in the tall grass near one of the entrances to the terminal at WNA. The silverware had been found in the tall grass by an employee.

Investigation by Alexandria revealed that PONDER KAMP was mowing tall grass adjacent to the Maintenance Office Building on WNA territory when he discovered a large cardboard box. He picked up the box, and the bottom fell out. Seven pieces of silverware fell from the box. KAMP advised he took the items to the WNA Police. He advised the cardboard box was soaked clear through so he placed it in a trash can to be burned.

No suspects were developed by Alexandria.

The Baltimore Office advised contacts with its informants was negative.

In view of the lack of physical evidence and the lack of suspects in this case, no further investigation is being conducted by WFO and the matter is being closed, UACB.

By letter dated January 19, 1976, you were furnished details concerning SSC Investigators Patrick Shea and Mary DeGree's contacts with former Federal Bureau of Investigation (FBI) Informant Douglas Frank Durham in May, 1975. Durham previously reported on extremist activities of the American Indian Movement (AIM). According to Durham, Shea and DeGree indicated their "strong desire to discredit the FBI," and their desire to "come up with some dirt on the FBI" because there was strong support to "nail the FBI to the cross." Durham stated that SSC investigators had maintained direct contact with Kenneth Tilsen, attorney for AIM.

Also, you were advised in referenced letter that an article appeared in the "Minneapolis Tribune" on December 14, 1975, which stated that Lock Johnson, an SSC investigator, had furnished to Tilsen a summary of information from correspondence between the Minneapolis FBI Field Office and FBI Headquarters.

You were also advised that Durham stated that he had been contacted by Ellen Miller who was affiliated with Congressman Otis Pike's Committee which is investigating intelligence activities. Ms. Miller asked Durham to provide her with anything he could offer which would reveal how the FBI and local police "conned" informants into providing information.

The Attorney General

Your advice was requested as to what action should be taken regarding the unethical conduct of Senate and Congressional investigators as cited above.

Attached is a letter to the Director, FBI, from Mr. Durham dated January 29, 1976, in which Mr. Durham reaffirms his statements regarding the unethical conduct of SSC investigators and in which he stated that no employee of the FBI has ever suggested to him that he engage in any illegal, immoral or unethical activities.

This letter is provided for your information and assistance in furnishing a response to referenced letter.

1 - The Deputy Attorney General
Attention: Michael E. Sheehan, Jr.
Special Counsel for
Intelligence Coordination

NOTE:

Durham is former MP 4115-E who, while no longer being operated as an informant, periodically contacts the Minneapolis Division. Durham is currently traveling around the country under the sponsorship of the John Birch Society, speaking about his knowledge of extremist activity. In attached letter Durham agrees that there is no truth to the contention that his informant status was uncovered as a result of a leak within the FBI; reaffirms his charges of unethical activity by SSC investigators; states that it has never been suggested to him by an FBI employee that he engage in any activity which would be illegal, immoral or unethical and states that he would submit to a polygraph examination regarding all statements contained in this letter.

Mr. Clarence Kelley, Director
Federal Bureau of Investigation
U.S. Department of Justice
Washington, D.C. 20535

Dear Sir:

Your letter of January 20, 1976 to Mr. Jim Kelso in Kansas City regarding my speaking engagement in that city on January 24 has been reviewed. I agree there is no truth in fact to the contention that my cover as a top aide in A.I.M. "was blown in March of 1975, apparently by a leak within the F.B.I." It is regretful that some printed material has related this obvious misinformation.

To date, I have made approximately 70 speeches to audiences that numbered approximately 21,000. I have also made numerous television appearances with an estimated 18,000,000 viewing audience, 31 newspaper interviews and 54 radio interviews with unknown circulation or audience size. At all of the appearances, I have strongly stated that it has been proved to my satisfaction that I was not exposed by a leak in the F.B.I. I have also mentioned during many of these appearances and interviews the fact that Senator Church's committee staff personally told me on May 8, 1975, that they would "do anything we can to nail the F.B.I. to the cross" and that they related they had associates who would be delighted to "dig up some dirt, any kind of dirt, on the F.B.I." At present it appears I am not even half done with my tour and I'm going to continue carrying this message.

I have never even had it suggested to me by an agent, employee or associate of the F.B.I. that I should engage in any activity that would in any way be illegal, immoral or unethical. This letter has not been solicited nor have I had any communication with any agent, associate or employee of the F.B.I. regarding this letter or the possibility of writing such correspondence. I would willingly submit to a polygraph examination regarding all statements contained in this letter.

If you are confronted by the claim of any individual or group with information that would seem to disagree with the contents of this communication, the contents should, if you so desire, provide you with a reply. A reply to this letter is neither expected nor anticipated.

Very sincerely yours,

Douglas F. Durham

Dear Mr. Kelso:

Your letter of January 5, 1975, citing the appearance of Douglas F. Durham in Kansas City, Missouri, on January 24, 1976, in which he will expose the activities of the American Indian Movement (AIM), has been received. The thought which prompted you to notify me is appreciated.

It will be noted in respect to Items 4 and 5
 of the request that it has been necessary to repeat to
 the SSC, through the enclosed memorandum, information
 previously furnished to the SSC concerning original
 recordings of documentation pertaining to Stanley David
 Levison. It seems to us that the SSC's repetitive requests
 for same material is counterproductive to our abilities
 to prepare prompt responses for the SSC. This is
 highlighted by the extremely short deadlines frequently
 set by the SSC in its requests. In short, it unnecessarily
 adds to the work burdens of the staffs of both the

RESPECT TO INTELLIGENCE ACTIVITIES (SSC)**

Reference is made to SSC letter dated January 23, 1976, requesting, in part, materials relating to Martin Luther King, Jr.

This memorandum provides information and effects delivery of materials responsive to Items 1, 2, 4, 5 and 6 of referenced request.

With respect to Item 1, the decision to include Stanley David Levison on the Security Index (SI) was based on a lengthy report dated June 19, 1953, at New York City, covering Levison's Communist Party, USA, activities. This report is not being delivered since its substance, which comprises the reasons behind the SI decision, was provided Senator Frank Church and selected SSC Staff Members during a special briefing by representatives of the FBI on November 5, 1975.

In response to Item 2, being delivered with this memorandum is a copy of New York airtel dated January 4, 1962, the substance of which was provided to the Attorney General (AG) by letter dated January 8, 1962, captioned "Stanley David Levison; Security Matter - C." Other than the initials of approving officials appearing on the letter, no other material was located in logical FBI Headquarters files pertaining to the decision to transmit the information from the airtel to the AG.

This document is prepared in response to your request and is not for dissemination outside your Committee and the committee. It is to be used only in accordance with the express approval of the FBI.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Item 4 requested the original record of the informant's assertion contained in an FBI letter to the AG dated September 4, 1963, concerning King, that Stanley David Levison is a secret member of the Communist Party (information received from informant in July, 1963).

This Bureau previously furnished to the SSC a copy of a memorandum dated July 26, 1963, from Special Agent (SA) Francis T. Leonard to the Special Agent in Charge (SAC), New York, which reported information obtained from the informant July 16, 1963, concerning Levison's Communist Party membership. The FBI cover memorandum of November 20, 1975, advised that our New York Office was contacted for documents representing original recordings from Bureau informants concerning Levison. As a result, our New York Office provided the material which was delivered with the November 20, 1975, memorandum and which has served as a basis for statements in various FBI documents that Levison was a secret member of the Communist Party. It might be noted, also, that the information below concerning Item 5, and specifically a memorandum of SA Leonard dated August 30, 1962, further establishes the originality of documentation of interest to the SSC.

Item 5 requested the original record of the informant's assertion contained in an August 30, 1962, memorandum of SA Leonard to the SAC, New York, in which it is reported that the informant advised on August 25, 1962 (correct date August 28, 1962), that Stanley Levison is a secret member of the Communist Party, USA.

This Bureau previously furnished to the SSC a copy of this Leonard memorandum and, in the cover memorandum of November 20, 1975, advised that the Leonard memorandum, among others of which copies were being furnished to the SSC, represented an original recording of the informant's information.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Regarding Item 6, being delivered with this memorandum are materials responsive to this request.

1 - The Attorney General

NOTE:

Regarding Item 1, consideration was given to furnishing the SSC the report which served as a basis for including Levison on the SI. However, since the special briefing provided to Senator Church and SSC Staff Members included details regarding our investigation of Levison, it would unnecessarily jeopardize our highly sensitive Communist Party sources to make this report available to the SSC. Bureau response to Item 3 is pending negotiations underway between Department and SSC. A copy of the SSC request is attached below the yellow of this LHM.

INFORMANT

Kipax

Extreme caution must be exercised with respect to dissemination of the information herein since, by its nature, it tends to identify NY 694-S*, a valuable informant, as the source thereof. Unless this information is obtained from a source other than NY 694-S*, it should not be incorporated - even in paraphrased form - in the investigative section of a report.

INFORMANT

On 1/4/62, NY 694-S* advised SA ALEXANDER C. BURLINSON that during a contact on the aforesaid date with ISADORE WOFSY, CPUSA Reserve Fund functionary, WOFSY stated the following:

STANLEY LEVISON is doing important work for the CPUSA in his role of advisor to the Southern negro leader LUTHER KING. LEVISON wrote the speech KING delivered at the AFL-CIO convention in Florida. He is active in KING's "right to vote movement" in the South, and was instrumental in raising \$200,000 for the said movement.

By reason of his association with KING, LEVISON has access to the White House - he has been in contact with President KENNEDY, Attorney General ROBERT KENNEDY, and important leaders of the AFL-CIO. He also has contact with numerous people in government.

In accordance with his previous commitment to do so, LEVISON contributed \$12,000 to the CPUSA National Office during 1961.

SUBJECT: STANLEY DAVID LEVISON
SECURITY MATTER - C

This memorandum sets forth justification of microphone surveillance in office of Stanley David Levison, 6 East 39th Street, New York City.

CONF. INFT.
 Levison's name in Security Index. He is an attorney and businessman who is involved in secret Communist Party (CP) financial matters. NY 694-S* furnished information in January and February, 1962, concerning close association between subject and the Reverend Martin Luther King, Jr., prominent southern Negro leader. Levison reportedly wrote speech that King delivered at the AFL-CIO convention, aids him in financial matters, and characterized King as "a whole-hearted Marxist" who has studied it and believes in it. Levison allegedly has access to the White House and Attorney General through his association with King. This information previously furnished Attorney General and O'Donnell at White House.

New York airtel 2-28-62 requests authority for installation of a microphone in office of Levison. A survey conducted on Bureau authority disclosed installation can be made with complete security, although trespass will be necessary.

OBSERVATIONS:

Although *informant* NY 694-S* is able to furnish some information concerning Levison, additional coverage is believed necessary to more adequately determine his influence on and association with King, his possible association with Government officials, and his financial activities in behalf of the CP, USA.

RECOMMENDATION:

That attached airtel be sent to New York giving it authority to install a microphone in the office of Levison at 6 East 39th Street, New York City.

ReNYairtel dated 2/12/62, captioned "DR. MARTIN LUTHER KING, Jr., SM-C".

The extent of KING's dependency on LEVISON for advice on a wide variety of subjects has been further established by information developed through NY 1300-S* on 2/11/62.

ELSUR

In addition to his association with KING, LEVISON has a wide circle of acquaintances in political life and with leading figures in the American Jewish Congress.

According to NY 694-S*, LEVISON and his brother, ROY BENNETT, donated \$12,000 to the CP, USA Reserve Fund. This, coupled with his alleged conversion of Reverend KING to Marxism and possible influence in high political circles, makes LEVISON a potentially dangerous Communist.

~~The fictitious cover firm, "Al-Sue-Research", utilized as a monitoring plant for NY 1831-S*, is located in Room 203 at 6 E. 39th St., NYC, in a multi-story building of offices in midtown Manhattan. NY 1831-S* has been in a position to report on activities of STANLEY D. LEVISON at the latter's office in Room 601 at the above address since 8/19/56.~~

The superintendent of the building has advised that it has been the custom of the tenants in the building to make a token payment once a year to the building service employees for services they have rendered to tenants throughout the year.

To insure that "Al-Sue-Research" is not singled out by the service employees as a non-conformist business, it is believed that the appearance as a normal business enterprise can best be maintained by conforming to this established practice, which is regarded in this area as a regular operating business expense.

Bureau authority, therefore, is requested to make payments totaling \$15.00 to the building service employees at 6 E. 39th St. Three dollars (\$3.00) each will be given to the five elevator operators who service this building.

The New York Office (NYO) by airtel dated 8/15/56 has advised that unless advised to the contrary by the Bureau, the NYO will handle its plant located in Room 203, 6 East 39th Street, New York City, (rental previously authorized) in the following manner.

This plant is used to monitor a microphone surveillance on the office of Stanley Levison, Room 601, 6 East 39th Street, New York City. Levison is engaged in secret financial operations on behalf of the Communist Party, (CP) USA.

In order to conserve manpower, the plant will be operated on week days during the hours of 8 A. M. until Stanley Levison closes his office and at any other time when there is an indication of activity in Levison's office. While the plant is not occupied the monitoring equipment will be located in a padlocked steel cabinet which will be fastened securely to the common wall of the two-room office and also to the floor of the back room. The NYO always removes any Bureau markings from equipment maintained in plants. The plant is a two-room office consisting of a main room with one window and a door leading to the outer hallway and a smaller back room where admittance can be gained from the main room. There are no windows or doors other than the common door between the partitioned two rooms. The lock on the outer door leading from the main room to the hallway will be changed by the NYO and only monitoring Special Agents will be in possession of the key. The door leading into the back room will be locked and monitoring Agents will have exclusive possession of the key.

CONF SOURCE

The New York Office by teletype dated August 10, 1956, requested authority for the installation of a microphone surveillance on the office of Stanley Levison, Room 601, 6 East 39th Street, New York City. New York advised that the survey showed that this installation was feasible and could be conducted with full security if space now available in Room 203 of this building is obtained for monitoring purposes. The cost of the installation is as follows: Monthly rental of monitoring plant space \$135 per month. \$150 as an initial payment to defray redecorating expenses already incurred. Installation and monthly charge for private telephone to be used in the plant operation. Louis Rosenberg, owner of building at 6 East 39th Street, New York City, is willing to forego the one-year lease requirement and the security deposit of one month's rent. New York advises that this plant can be operated under a suitable cover name.

SENSITIVE INFORMATION SOURCE

It is believed that this microphone surveillance covering Stanley Levison would be of extreme value to the Bureau. Stanley Levison is involved in large financial operations of the Communist Party, USA (CP, USA), particularly those operations of a commercial nature secretly operated by the CP. For example, on June 19, 1956, NY 694-S advised that Isadore Wofsy, acting national treasurer of the CP, USA, had turned over to the informant \$10,000 in \$50 and \$100 bills, requesting the informant to have this money changed into bills of smaller denomination and to hold it in safekeeping. Wofsy explained that this \$10,000 was part of a collection of \$15,000 which he had secured earlier that day from "a guy on Park Avenue." The New York Office believes that this was a reference to Stanley Levison who was observed meeting Wofsy on June 19, 1956 (100-392452-105).

CONF SOURCE

The New York Office has advised that there are no identifiable references to Louis Rosenberg, owner of the building at 6 East 39th Street, New York City, in the New York Office indices. New York also advises that CSNY 1811-S, who is the superintendent of the building at 6 East 39th Street, New York City, has stated that Louis Rosenberg is reliable.

In line with Bureau's program of intensifying the investigation of CPUSA financial operations as set forth in the Bureau's letter to all offices dated 3/2/56, it is recommended that misur coverage be afforded the office of STANLEY LEVISON, Room 601, 6 E. 39th St., NYC, who, according to NY 694-S*, continues to be active in CP reserve fund affairs and operates certain businesses in which the CP has financial interests.

SENSITIVE FOREIGN INTELLIGENCE OPERATION

SENSITIVE FOREIGN INTELLIGENCE OPERATION

Extensive inquiries into LEVISON's activities in the past have revealed that he has had contacts with various individuals believed to be involved in CP financial operations. However, little has been ascertained concerning the purposes or outcome of these contacts. In addition, little is known concerning the amounts of CP funds under LEVISON's control and the manner in which he handles these funds.

It is believed that misur coverage on LEVISON's office may provide some of the answers to above problems.

Accordingly, Bureau authority is requested to conduct a survey to determine the feasibility of a misur at abovementioned location.

RE: INTERVIEW OF FEDERAL BUREAU
OF INVESTIGATION (FBI) SPECIAL
AGENT (SA) C. JORDAN NAYLOR
BY SENATE SELECT COMMITTEE STAFF MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11/29/00 BY SP2ALM/KP

On January 22, 1976, Special Agent (SA) C. Jordan Naylor was interviewed by Michael Madigan and Lester Seidel, who introduced themselves as investigators for the Senate Select Committee. The interview was conducted at the Federal Bureau of Investigation Office at San Diego, California, and lasted approximately ninety minutes. SA Naylor was not advised of his rights nor was he advised that he could have an attorney present during the interview.

It was mutually agreed that the interview would be recorded on tape, and Mr. Madigan stated that a transcript of the interview would be furnished to SA Naylor. SA Naylor requested that the tape not be destroyed until after a review of the transcript had been approved, to which Mr. Madigan agreed. The interview was conducted in a very informal manner, beginning with the interviewers indicating they had previously been Assistant U. S. Attorneys. Adding to the informality, neither investigator was dressed in a business suit or necktie, and Mr. Seidel frequently placed his feet on the table of the interview room.

At the outset of the interview, Mr. Madigan indicated the interview would center around activities of the Secret Army Organization (SAO), with particular attention to the activities of former Federal Bureau of

Investigation (FBI) informant Howard Barry Godfrey.

Mr. Madigan began the interrogation by asking how SA Naylor became acquainted with Mr. Godfrey.

SA Naylor recalled that he first met Howard Barry Godfrey in 1966 in the company of former SA Eugene F. Olsen. It was recalled that on that occasion, Mr. Godfrey appeared at the San Diego Office of the FBI on the recommendation of a friend and was anxious to report information regarding an attempt to recruit Godfrey into the Minutemen organization. Naylor recalled that Godfrey did not desire to participate in this group but felt that due to the illegal activities of the group, it should be reported to the FBI. The illegal activities referred specifically to the fact that the group was gathering and storing arms, ammunition and explosives to be used against the communists in their attempts to take over the United States Government. The specific results of that particular interview were not recalled. In December, 1966, former SA Olsen retired from the FBI, and it was reported that Godfrey subsequently contacted SA Naylor during the early part of 1967 regarding additional activities of members of the Minutemen organization. From that time until late in 1968, Mr. Godfrey was in frequent contact with SA Naylor and was developed as a criminal informant in an attempt to determine if the materials being stockpiled by the Minutemen organization were being stolen, with particular concern that the items might be taken from Government facilities.

It was further reported that toward the end of 1968, when Mr. Godfrey began furnishing information of a security nature regarding the Minutemen organization, that Godfrey's direction was turned over to former SA Steven Christensen, who was working in the field of internal security.

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

Mr. Madigan asked at what period of time Godfrey began furnishing information regarding the SAO.

SA Naylor advised that at no time did Godfrey ever mention the SAO to SA Naylor, and the SAO was not believed to be in existence during the time Godfrey was under SA Naylor's supervision.

Mr. Madigan asked about any financial arrangements between the FBI and Mr. Godfrey, with specific interest in the exact amount of money paid to Godfrey.

SA Naylor advised that to the best of his recollection, Godfrey received only a small amount of remuneration for his services, generally limited to expenses incurred by Godfrey while participating in activities with the Minutemen Organization. It was indicated that the entire amount of money paid to Godfrey by SA Naylor was less than \$400.00 during a one-and-a-half year period.

Mr. Madigan asked if the FBI ever financed Godfrey in the purchase of arms and ammunition to be used by the Minutemen Organization.

SA Naylor advised that he could not recall a single instance in which funds were given to Mr. Godfrey to be used in the purchase of any arms, ammunition or explosives for use of the Minutemen Organization. It was indicated that there may have been one or two limited occasions when Godfrey reported that a large amount of ammunition was in the possession of a Minutemen member, and on those occasions, Godfrey was authorized to purchase one box of ammunition from a large supply in an effort to trace that ammunition as to its origin in determining whether or not it might be stolen Government property.

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

Both Madigan and Seidel asked questions regarding Godfrey's personal motives and his purposes for participating in the activities of the Minutemen Organization.

SA Naylor advised that it was his personal feeling that Mr. Godfrey is a patriotic, loyal American citizen and that through the entire period in which he served as an FBI informant was anxious to serve his country and to attempt to put a stop to the illegal activities of members of the Minutemen Organization by making these illegal activities known to proper law enforcement authorities. The investigators were advised that any information furnished by Godfrey was always properly disseminated to the police department, sheriff's office or agents of the Alcohol, Tobacco and Firearms Agency as appropriate.

Madigan and Seidel asked questions relative to the stability and dependability of Godfrey and were particularly interested in determining whether or not his original motives in following the activities of Minutemen members might have ever changed with particular concern that he may have developed an attitude of participating in Minutemen activities in furtherance of his own personal desires.

SA Naylor stated that to his knowledge, the informant was never anxious to participate in activities required of him and frequently indicated a desire to disassociate himself from the Minutemen Organization, fearing for his own safety and safety of his family due to the vindictive nature of members of the Minutemen Organization. It was reported that Mr. Godfrey never changed his feelings or initial purpose for reporting on activities of members of the Minutemen Organization and never willingly served his own purposes in participating in any activities carried out by members of that group. Investigators were advised that Mr. Godfrey always reported activities of the group in advance when their plans were known; however, on frequent

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

occasions, spontaneous activities of the group generated in a meeting were carried out immediately without allowing Mr. Godfrey time to report the plans until after the activities had been carried out.

RE: INTERVIEW OF FEDERAL BUREAU
OF INVESTIGATION (FBI) SPECIAL
AGENT (SA) EARL M. PETERSEN BY
SENATE SELECT COMMITTEE STAFF MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11/29/00 BY SP2ALM/KP

On January 22, 1976, SA Earl M. Petersen was interviewed by Michael Madigan and Lester Seidel, Staff Members of the Senate Select Committee at the Office of the Federal Bureau of Investigation (FBI), in San Diego, California. The interview lasted for 40 minutes. SA Petersen was not advised of his rights, nor was he advised that he could have an attorney present during the interview.

SA Petersen agreed that he had no objection to having the interview taped, and was advised that a transcript of the interview would be furnished to the San Diego Office of the FBI by the interviewers.

SA Petersen was advised that the interview would consist of information concerning Howard Barry Godfrey, a former informant of the FBI in San Diego, and of information concerning the Secret Army Organization (SAO). Most of the questions were asked by Mr. Madigan.

Mr. Madigan indicated that the SAO was one and the same as the Minutemen organization and inquired as to when the SAO originated.

SA Petersen advised that he did not feel that the Minutemen and the SAO organizations were one and the same, but that the SAO was an organization which had many members of the

Minutemen organization interested in it. Both organizations were national in scope; however, the Minutemen organization was much larger than the SAO. The SAO first started with a meeting held somewhere in Arizona in about February, 1969. SA Petersen stated that he was of the opinion that Godfrey did not attend this meeting, but pointed out that there were others who felt that he did. Godfrey had been an informant prior to this time and was a member of the SAO from its inception.

Mr. Madigan inquired whether Godfrey was one of those informants who gets into an organization feeling opposed and then after getting into it, turns and becomes a working and active member of the organization. He asked if Godfrey liked being in the organization. SA Petersen advised that Godfrey did not like being in the organization, and that SA Petersen had been with former SA Steven Christensen when Godfrey had strongly requested to be allowed to get off the hook and no longer be an informant. SA Petersen pointed out that Godfrey was a gun enthusiast and liked guns and associated items, and therefore, enjoyed being with and associating with other persons who were interested in guns, such as members of right wing organizations, but it was reiterated that Godfrey did not like to be an informant; that he did not ask to become an informant in the first place, and that he would gladly have ceased being an informant during the period of time that the SAO was in existence. SA Petersen advised that he has the highest regard for Howard Barry Godfrey and feels that he is an individual who is pro-law enforcement and pro-FBI, and did his best to do a good job as an informant for the FBI.

Questions were asked whether money was ever furnished to Godfrey to purchase explosives or weapons for the SAO. SA Petersen replied that never was money furnished to Godfrey for purchase of explosives or weapons for the SAO. It was pointed out that Godfrey had in the past purchased explosives or weapons; however, they were purchased to be turned over to the FBI to get them out of the hands of people who had them. A discussion was also had concerning explosives, weapons and material placed in Godfrey's possession to hold for an individual

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

which were obtained by the FBI and turned over to Alcohol, Tobacco and Firearms Division of the Treasury Department. Some of the material was lost by Alcohol, Tobacco and Firearms (AT&F), and it was necessary for the FBI to furnish money to Godfrey to buy the items that were lost, in order that his status as an informant could be protected. It was also pointed out that on at least one occasion, officials of AT&F had come to San Diego from Los Angeles to personally talk to Godfrey, who was known to them as being an informant of the FBI, concerning a threatened bombing of their headquarters. The question of whether Godfrey might have given William Francis Yakopec any explosives came up, and it was explained that Godfrey and Yakopec were next door neighbors and friends, and that it was possible that explosives had been passed back and forth between them, but that Godfrey did not give him explosives to use in bombing the Guild Theater. Regarding Yakopec, the staff members were advised that Yakopec was inspired to bomb the Guild Theater because he was excited by pornography and was tempted to view such movies and purchase such material, and because of this, which was strongly opposed by his religious feelings, he felt that if he could destroy places which showed pornographic movies or sold pornographic material, he could remove the temptation from himself. At the time that he bombed the Guild Theater, Yakopec would probably not have been prosecuted, because all local law enforcements, including the San Diego Police Department, the San Diego County Sheriff's Office, the California Bureau of Investigation, and the FBI thought that Godfrey was of such value within the SAO, that he should not be exposed merely to prosecute someone like Yakopec. When Yakopec decided to throw a bomb into the Genie Massage Parlor, wherein he was going to throw a bomb over a stone fence into a swimming pool, Agents of the FBI felt that this could possibly kill or injure people in the pool, and it was decided that Godfrey's status as informant could no longer be protected to allow such an incident to occur. At that time, he was turned over to the police department as a source for testimony against Yakopec, as well as Hoover and other Secret Army individuals who had violated the law.

Questions were asked regarding why Steve Christensen had kept the pistol used by George Mitchell Hoover to shoot Paula Tharp in the elbow. The staff investigators were advised that at the time the shot was fired into Peter Bohmer's home

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

Godfrey and Hoover were riding in Godfrey's car, when Hoover took a gun from under the front seat and after looking at it, suddenly fired at a lighted window in Bohmer's house. At the time he shot at the window, Hoover remarked this gun shoots low, indicating that he intended to shoot at the top of the window and not to shoot through the window at such a level that he could hit someone inside the house. Shortly thereafter, Godfrey advised former SA Steven Christensen that Hoover had fired the shot which struck Paula Tharp. Godfrey also turned over the gun to Steven Christensen. Christensen probably felt that if he turned over the gun to the police department, that they would immediately prosecute Hoover, and would reveal Godfrey's status as an informant. Former SA Steven Christensen and SA Petersen went to the San Diego Police Department and advised Captain Kenneth O'Brien that Hoover had been the individual who fired the pistol striking Paula Tharp in the elbow. This information was kept at a high level in the police department, as they agreed that informant Godfrey was very important to law enforcement to determine what was going on inside the SAO. It was asked whether Christensen had advised any superior in the FBI that he had the gun, and SA Petersen replied that he had not, inasmuch as he would then have been immediately ordered to turn the gun over to the police department for use as evidence in the Hoover trial. Christensen, instead, took the gun home, wrapped it in cloth, and placed it under a couch in his living room. Later, when Godfrey was being interviewed by Deputy District Attorney Huffman, in a hotel in Hotel Circle in San Diego, Detective Rubien Brandon and SA Earl Petersen were present. The questioning of Godfrey by Huffman finally got around to a question as to what he had done with the gun used to shoot Paula Tharp. In reply to this question, Godfrey answered that he did not wish to answer the question. Inasmuch as Godfrey had been cooperative in answering all other questions after further discussion, Huffman accused Godfrey of shielding Steve Christensen who had the gun. Godfrey again replied that he did not wish to discuss or answer this question. It became clearly obvious that Huffman had determined Steven Christensen had the gun and that Godfrey, because he would answer all of the other questions, and no questions pertaining to the gun, was shielding Christensen. At that point, SA Petersen advised

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

that he would contact Christensen and ask him if he had the gun. This was done, and Christensen advised in answered questions that he did have the gun, that he was willing to turn it over to the San Diego Police Department, that SA Petersen should accompany Detectives to his home to turn over the gun, and that the key to the house could be obtained from a woman taking care of the house. SA Petersen and Detective Brandon went to Christensen's house and Detective Brandon recovered the pistol for evidence in the trial of Hoover.

SA Petersen advised that in his opinion, Christensen kept the gun for evidence in any future trial involving the shooting of Paula Tharp, and that he kept it at home in order to protect his informant from appearing as a witness, and therefore destroying his further activity as an informant.

Questions were asked concerning the amount of money paid to Godfrey for services and expenses. SA Petersen remarked that probably the highest payments to Godfrey were made after SA Petersen became the primary Agent handling Godfrey on July 10, 1972. After that time, Godfrey was in a position of being a witness in upcoming Grand Juries and trials, and he was paid \$250 for services in a month, and at one time, was given \$200 for expenses in connection with bond money for Secret Army members that had been arrested. At that time, Godfrey's status as an informant was still secure. It was pointed out that Godfrey was paid very little for his services over a long period of time, with payments as small as \$40 with \$12 for expenses. At the time he became involved in the Secret Army, his payments increased because his activity increased considerably and his expenses increased somewhat because he was driving his car more. Questions were asked concerning money actually paid as expenses to the SAO, and it was pointed out to the Senate Investigators that if Godfrey paid dues to an organization or bought a ream of paper for them, he would be compensated for this expense. And that in this sense he had paid some of the expenses of the SAO. It was pointed out that this would be true of any informant in any organization.

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

The interview was concluded in order to allow former SA Baker and former SA Eugene Olsen to be interviewed, as they had other appointments. Staff Investigator Madigan stated that there could be a couple more questions for SA Petersen after they finished with the other interviews, however, upon completion of the other interviews, the interviews were terminated.

INTERVIEW OF ROBERT S. BAKER BY LESTER SEIDEL AND MICHAEL MADIGAN
OF THE U.S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES AT
SAN DIEGO, CALIFORNIA, JANUARY 22, 1976

QUESTIONING CONDUCTED BY SEIDEL AND RECORDED ON TAPE.

QUESTION ONE - Pertained to my duties as San Diego FBI Supervisor of Secret Army Organization (SAO). I explained I did not supervise SAO and that organization did not materialize to the best of my knowledge until after I was removed from supervisory status.

QUESTION TWO - Whether or not former Special Agent STEVEN L. CHRISTENSEN was under my supervision and I advised he was and worked for me first as a criminal Agent handling deserter matters and later as a security Agent handling white extremist groups.

QUESTION THREE - My recollection of former San Diego source ARTHUR B. GODFREY. I acknowledged GODFREY was known to me as a source on "Minutemen" activities. I recalled GODFREY was handled by CHRISTENSEN and at no time was there ever any indication CHRISTENSEN urged GODFREY to participate in any activities that might be in violation of any laws.

I further explained GODFREY's file was reviewed periodically by me and annually by members of the FBI Inspection Staff and to the best of my recollection, GODFREY was always given high ratings by the Inspection Staff.

QUESTION FOUR - In connection with my assignment as San Diego Office coordinator on activities in connection with the 1972 Republican National Convention. Did I recall the SAO making any plans to disrupt the activities of militants protesting the convention. I explained that my primary duties consisted of preparing a weekly summary suitable for dissemination to FBI Headquarters, U. S. Secret Service, U. S. Attorney, San Diego and other FBI field offices. In addition I represented the FBI at meetings of all San Diego law enforcement agencies planning for the convention. I did not recall any information that the SAO was planning to take any action against the protesters.

QUESTION FIVE - Did I have any information connecting DONALD SEGRETTI and (First Name Unknown) BUSCH with the SAO. I had no information of any association between SEGRETTI, BUSCH, and the SAO other than what I had recently read in the "San Diego Union" newspaper.

MADIGAN asked me about my being subpoenaed to testify in a law suit filed by PETER BOHMER against the FBI and other local law enforcement agencies. I pointed out to him I had neither been subpoenaed nor testified in this case.

RE: INTERVIEW OF FEDERAL BUREAU
OF INVESTIGATION (FBI) SPECIAL
AGENT (SA) EUGENE F. OLSEN (RETIRED)
BY SENATE SELECT COMMITTEE STAFF MEMBERS

On January 22, 1976, at the Office of the Federal Bureau of Investigation (FBI), San Diego, California, the writer was interviewed by Michael Madigan and Lester Seidel, Counsel for the Senate Select Committee on Intelligence, (202) 224-1700, G-308 D50B, Washington, D. C. 20510, concerning the captioned matter and specifically for any knowledge the writer might have concerning the "recruitment of Howard Barry Godfrey as an informant for the FBI."

The writer advised Mr. Madigan and Mr. Seidel that several months before the retirement of the writer from the FBI on December 31, 1966, he was contacted by the above Howard Barry Godfrey, who furnished the writer with information to the effect that he had learned that one Jerry Dikus, then living in the La Mesa or El Cajon, California, area, had a quantity of firearms and ammunition in his possession, that he had indicated to Godfrey that he had firearms in the trunk of his car, and to the best of the writer's knowledge, he had firearms concealed either in his house or garage, or both.

Godfrey indicated that he had furnished this information to Mr. J. Clifford Wallace, then an attorney in San Diego and now a Federal judge in San Diego, who at that time was serving as Stake President of the then San Diego East Stake of the Church of Jesus Christ of Latter Day Saints, which then comprised the La Mesa and El Cajon

area, and Mr. Wallace suggested he contact the writer at the FBI Office in San Diego to report this information, which he did.

It is the recollection of the writer that he informed Godfrey that the above information appeared to be of interest to the FBI both from the possibility that it might involve a theft of firearms and ammunition or the interstate transportation of stolen firearms and ammunition and also with regard to the internal security of the nation and the possibility of illegal and subversive activities on the part of Dikus and others. It is the recollection of the writer that he asked Godfrey to furnish promptly to the FBI any additional information which he might obtain concerning these activities of Dikus and/or others.

To the best of the writer's knowledge, he had never known or seen Godfrey prior to the above interview, and to the best of his recollection, he has not seen him since, as it is the writer's recollection that he introduced Godfrey to Special Agent (SA) C. Jordan Naylor and perhaps other Agents to whom Godfrey was to report any additional pertinent information that might come to his attention.

The writer was asked whether he considered the potential of Godfrey as an informant for the Bureau at the time of the above interview with him in 1966. The writer replied that in this case, as in all other similar cases of any such information of value to the Bureau furnished by any person whatever, the writer would certainly have been alert to the possibility of utilizing the services of any person who might be in a position to serve as an informant or source of information by reason of his acquaintance or association with subjects of an FBI investigation for the purpose of obtaining valuable information of interest to the Bureau.

SENATE SELECT COMMITTEE ON
INTELLIGENCE INVESTIGATIONS

It was pointed out by the writer, however, that inasmuch as the writer retired from the Bureau in December, 1966, he has no personal knowledge as to the activities of Godfrey either as an FBI informant or otherwise. All information which came to the attention of the writer, however, was in a completely correct manner and was handled in a completely correct manner and made a matter of record. The writer pointed out that he considers that Mr. Wallace did exactly the right thing, both as an attorney and as a church official, in recommending to Godfrey that he contact the FBI to furnish to them information in his possession which might be of interest to the Bureau and that Godfrey himself did exactly the right thing in so doing. The writer further stated that so far as his knowledge is concerned, everything in this matter was handled in a completely correct manner. He pointed out, further, that any information concerning the actual development of Godfrey as an informant, if any, or concerning his activities as an informant, if any, would have to be obtained from Agents having later contact with him, as the writer's contact with him was limited to the initial contact referred to above or possibly a second contact with him but did not extend further in the matter.

MEMORANDUM FOR: Mitchell Rogovin
SC/DCI

SUBJECT : Handling of HSC and SSC Investigative Materials

Representatives of the Department of State, Department of Defense, Department of Justice, the National Security Council Staff, and the Central Intelligence Agency have considered alternative ways for storing and handling the materials gathered by the Senate and House Select Committees in their current study of the intelligence activities of the government.

The key objectives were those of physically secure storage, with proper controls over access to the materials, the ultimate decision on normal declassification remaining with the departments, agencies or organizations that originated the materials.

Two main alternatives were developed for where the materials should be stored. These were the National Security Agency (NSA) and the National Archives and Records Service (NARS), the preference being for the former. The NSC Staff, in preferring storage at NSA, specified additional handling provisions for its materials.

Attached are alternative draft resolutions, providing for storage at NSA or at NARS. Also attached is the NSC staff proposal for modification of the proposal for storage at NSA, providing for special handling there of NSC materials. These are intended to provide a basis for discussions with SSC and HSC personnel.

It is requested that this report be submitted to the ICG. It is noted that time has become an essential consideration, in view of the imminent conclusion of the HSC investigation.

You will recall that by letter dated January 27, 1970, you and Senate Majority Leader Mike Mansfield requested that the FBI not destroy or otherwise dispose of material relevant to the subjects of inquiry by the Senate Select Committee.

Please find enclosed a copy of a letter which I have addressed to Senator Frank Church, Chairman of the Senate Select Committee to Study Governmental Operations With Respect to Intelligence Activities, suggesting what, I hope, is a reasonable modification of our total moratorium on file destruction.

Report Due On FBI Probe

By PATRICK DILLON
San Diego Union-Tribune Staff Writer

The FBI was "very much involved" with the Secret Army Organization, a Senate investigator said here yesterday after interviewing the SAO cofounder and former FBI informant, Howard Harry Godfrey.

Richard Madigan, a staff investigator for the Senate Intelligence Committee, said he would report links between the SAO and FBI to the panel which is conducting a yearlong investigation of FBI activities.

The investigator questioned Godfrey yesterday in Sacramento, where the former San Diego fireman and longtime FBI informant currently is employed by the state Fire Marshal's office.

"TAKING THE RAP"

Madigan, a former U.S. attorney in Boston and Washington, D.C., said he could not elaborate on his interview with Godfrey.

"That it took up most of the morning," he said.

Richard Turner, Godfrey's attorney, said his client was "taking the rap for the FBI."

"They paid him. They told him what to do. They knew what he was doing every single day," Turner said. "They approved it. They blessed it. If they didn't think he was doing something right they could have told him so."

The San Diego Union recently detailed Godfrey's dual role as an SAO leader and FBI informant.

FEDERAL AGENT

Madigan said his four-day visit to California has confirmed most news reports about FBI involvement with the SAO's guerrilla war against political dissidents in San Diego during the early 1970s.

He said the Senate Intelligence Committee still may subpoena Godfrey to testify before the panel in Washington, D.C.

Former FBI agent Steven Christensen, whom Godfrey identified in court testimony as his FBI supervisor, pre-

ably will be summoned to testify before the panel, Madigan said.

Christensen told the court in 1972 during trials of SAO members that he paid Godfrey a monthly salary and reimbursed the informant for his expenses, sometimes used to purchase explosives and supplies for the SAO.

Madigan arrived in San Diego from Washington late Thursday to begin his probe here. He was accompanied by another Senate investigator, Lester Seidel.

Like Madigan, Seidel is a former U.S. attorney in Washington, D.C.

Seidel visited San Diego last summer, interviewed law enforcement officials and persons who claimed they were victims of FBI-sanctioned attacks, then recommended that the Senate Intelligence Committee conduct a full-scale probe of FBI activities here.

Madigan and Seidel last week interviewed FBI agents Jordan Naylor and Earl Petersen who had contact with Godfrey while he worked as a paid informant for the bureau here.

Seidel said Richard Huffman, chief deputy district attorney, and John Hewick-

er, deputy district attorney, were interviewed because they prosecuted SAO members on charges ranging from assault to possession of illegal explosives and attempted murder.

"We wanted to find out if any prior cooperation between the police and district attorney's office and FBI existed before Godfrey surfaced as an informant," Seidel said.

Seidel left San Diego Sunday afternoon and returned to Washington to report to the Senate Committee.

Madigan was to return to Washington this morning and hold a briefing with the Senate Committee.

Another panel member named Arthur Jefferson is scheduled to arrive in San Diego today to begin a probe of FBI attempts to encourage warfare in 1969 between rival black nationalist factions here and in Los Angeles.

The FBI already has turned over to the Senate panel a 1,200-page document confirming that the FBI attempted to foster strife among blacks throughout the nation.

In San Diego, the document reveals, the FBI took credit for "the high degree

of unrest" that existed in Southeast San Diego in 1969 and 1970.

The bureau here, operating with approval from FBI headquarters in Washington, D.C., attempted to add fuel to a feud between the Black Panther party and its rival, known as the US organization.

Clashes between the two groups resulted in the shooting deaths of two persons and wounding of four others in Southeast San Diego.

An afternoon meeting is scheduled today between Jefferson and Leon Williams, San Diego's first black city councilman.

Williams said he attempted to mediate differences between the Panthers and US organization in Southeast San Diego but was informed by city officials that the Panthers planned to assassinate him.

The city officials who warned him were identified by Williams as then-City Mgr. Walter Hahn and O.J. Reed, who was police chief.

"We met twice in Hahn's office," Williams said. "I asked them where they got the information. They said the FBI told them."

Dear Mike:

There are several different parts to this request for materials from the Justice Department and the FBI.

Part I. The Select Committee requests delivery of the materials prepared for the Administrative Division of the Justice Department regarding the FBI budget. Specifically, this includes the budget figures for the six FBI program categories under the heading "Intelligence", the definitions of these categories, the figures for all FBI budget program categories, and the justifications submitted by the FBI for its programs. To the extent possible, this material should cover both fiscal years 1976 and 1977.

Part II. The Select Committee requests that the FBI provide materials pertaining to the electronic surveillance of executive branch officials under the administration of President Franklin D. Roosevelt. It is our understanding that material pertaining to this matter may appear in the "official and confidential" files of Director Hoover.

By letter dated 1/19/76 addressed to Michael E. Shaheen, Jr., Office of Deputy Special Counsel, captioned Committee requested certain information pertaining to this Bureau's investigation of the Black Panther Party. In general, these requests relate to documents relevant to civil litigation between the Bureau and the estate of Fred Hampton. Questions 4, 5, and 7 relate to "copies of reports made as a result of information supplied by William O'Neal, FBI informant within the Chicago BPP, to FBI Special Agents; access to FBI files in Chicago, on Fred Hampton, Mark Clark, Jeff Forte, Blackstone Rangers, The Woodlawn Organization, Rev. John Fry, Nathaniel Junior, Charles La Paglia, Chicago Chapter of the Black Panther Party; and the file of informant William O'Neal" respectively. These questions raise problems concerning the integrity of Bureau files as they pertain to informants and access to field office files in the Chicago Office. *[Handwritten initials]*

In view of the relevance to current litigation involving the Bureau, Steven Blackhurst, Assistant Special Counsel for Intelligence Coordination, was contacted and the aforementioned requests were discussed. Blackhurst agreed that these particular requests should be discussed with the Committee and that he would arrange for a discussion concerning this matter. Blackhurst was advised the Bureau would take no further action regarding these requests until such a discussion was held.

PROPOSED WARRANT REQUIREMENTS
FOR USE OF INFORMANTS IN
DOMESTIC INTELLIGENCE CASES

ALL INFORMATION CONTAINED

Reference is made to your letter dated January 27, 1976, captioned as above, in which you requested our views concerning proposals for a warrant requirement for informants in domestic intelligence cases. This Bureau's responses to the list of the five questions submitted in the enclosure to referenced letter are set forth in numerical order.

1. The Attorney General's proposed guidelines are under extensive consideration and the guidelines have not yet been finalized. As the guidelines are not as yet implemented in a final form, it is not possible to determine at this time how they will be administered or whether their implementation will substantially reduce the number of cases and the related use of informants. This, however, in no way would affect the FBI's position that such a requirement is overly burdensome and unnecessary as informants have been used since time immemorial and such use is clearly legal.

2. The number of warrants required for approximately 1,000 intelligence informants would number much more than 1,000. For example, one intelligence informant may be targeted against a number of organizations and individuals of investigative interest and it is assumed a warrant would be required in each instance. It is not uncommon for an intelligence informant to be in position to furnish information on approximately 100 persons and many organizations of investigative interest. Accordingly, it is not difficult to see that one active intelligence informant could require a large number of warrants. The workload of the judicial system would be faced with a great many more warrant requirements than the numerical size of intelligence informants. It is believed that such warrant requirements would number well into the thousands which obviously would place an additional strain on an already overloaded judicial system.

3. The impracticalities of an informant warrant requirement would greatly be reduced if judicial approval was required, not for each individual informant, but for the use of a particular number of informants against a group that is the subject of a domestic intelligence investigation. The number of warrants under this procedure would be reduced; however, this in no way would alter the impracticalities of obtaining a warrant. Reasons why this should not be done are set out hereinafter.

4. As you know, the Keith decision addressed the constitutional standards required for electronic surveillances of domestic organizations. The court suggested that greater latitude might be given in such matters because of the special policy and practical considerations involved. Even if such allowances are made, we do not believe it is feasible to regulate the use of informants by judicial warrants. If the warrants are to be meaningful, it would be necessary for the courts to supervise and monitor the activities of the informant on a continuing basis. These procedures would delay the investigative process and impose enormous administrative burdens on the courts

Assistant Attorney General
Criminal Division

and agencies involved. In addition, judgments would be required about the role of the informant and the relevance of information that we feel are best made by the executive branch. As the Attorney General pointed out, extension of the warrant requirement in this way "would be a step toward the inquisitorial system of justice." Moreover, it would undermine the independence and "neutrality of the judiciary, a neutrality which our system takes pains to protect."

5. Approval by the Attorney General or his designee of the use of informants in domestic intelligence investigations would not be practical. As you are aware, the guidelines that are being proposed would also affect the use of our informants. The enforcing of these guidelines should be an adequate safeguard. Any policy which would require the individual approval of each Bureau informant outside this Bureau should be considered as a questionable and irregular practice.

In view of the above, this Bureau is of the opinion that the need for a warrant requirement is impractical, unnecessary and, in substance, totally unworkable, not only from an intelligence viewpoint, but also from a legislative and judicial viewpoint as so many intricate facets are involved. The mandatory use of warrants in our informant operations in connection with intelligence investigations might well impair our national defense.

1 - The Deputy Attorney General

NOTE:

The Senate Select Committee requested of the Department the Bureau's views concerning the utilization of warrants involving informants in domestic intelligence investigations. The Senate specifically asked five questions of the Department and the Department in turn requested our viewpoints in each of the five questions. These questions involve the following: (1) what effect the new guidelines would have on the utilization and number of warrant applications involving informants, (2) an assessment of the workload on the judicial system if warrants were utilized, (3) an assessment of the practicality of a warrant requirement, if applied, not to each individual informant but for the use of a particular number of informants against a group under investigation, (4) what standard would the Bureau suggest for a warrant requirement for intelligence informants, and (5) an opinion on the proposal that the Attorney General or his designee approve informant use as opposed to a judicial warrant requirement. This matter was coordinated with SA Tony J. Seabaugh, Extremist Informant Unit, and SA John B. Hotis, Legal Counsel Division.

Dear Mr. Attorney General:

During your appearance before the Select Committee on December 11, 1975, there was considerable discussion concerning proposals for a warrant requirement for the use of paid and controlled informants to infiltrate political groups in domestic intelligence investigations. You expressed concern that a warrant requirement in such cases would be impractical and would unduly burden the courts.

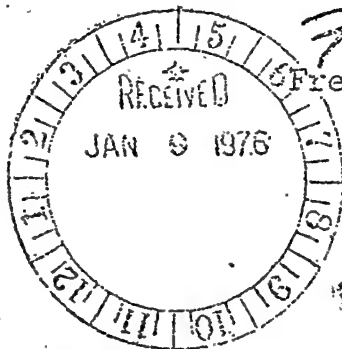

Second, you indicated the Justice Department would be developing guidelines for the use of informants. Presumably, their provisions might so limit the manner and predicate for use of informants as to make a warrant requirement unnecessary.

To explore this matter in greater detail before the Committee drafts its recommendations, we seek your comment on the enclosed set of questions which are designed to focus on some of the practical aspects of a warrant requirement. In addition, please feel free to comment on other aspects of a warrant requirement for informants and to state the case against warrants, including what provisions might be included in the prospective guidelines which would tend to make a warrant requirement less useful.

Sincerely yours,

Frederick A O Schwarz Jr
Frederick A. O. Schwarz, Jr.

ATTACHMENT

1. If the effect of new guidelines on the opening of domestic intelligence investigations is to substantially reduce the number of such investigations, would there not be a corresponding reduction in the number of intelligence informants? If so, would this not greatly reduce the number of warrant applications that would have to be submitted to the courts or to an administrative review body? Would this affect your view that such a requirement is overly burdensome?
2. According to figures submitted to the Select Committee by the FBI, as of June 30, 1975, there were 1,040 domestic intelligence informants. How would you assess the impact on the work load of the judicial system if a warrant application were applied to an informant program of this approximate size?
3. Would not the alleged impracticality of an informant warrant requirement be greatly reduced if judicial approval was required, not for each individual informant, but for the use of a particular number of informants against a group that is the subject of a domestic intelligence investigation? What are the reasons why this could not be done?
4. In United States v. United States District Court, 407 U.S. 297 (1972), the Supreme Court stated that different standards for a warrant application may be appropriate as between criminal surveillances and those involving domestic security. 407 U.S. 322-323. What standard would you suggest for a warrant requirement for intelligence informants?
5. What is your view with respect to the proposal that, rather than a judicial warrant requirement, the Attorney General or his designee approve the use of informants in domestic intelligence investigations?

U. S. SENATE SELECT COMMITTEE TO

RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

Reference is made to SSC letter dated December 18, 1975.

Item 6 of referenced SSC letter requested access to all FBI materials pertaining to Dr. Martin Luther King, Jr., the Poor People's Campaign, and the Sanitation Workers Strike in Memphis, Tennessee, from January 1, through April 4, 1968.

As a result of a conference between SSC Staff Member Mark Gittenstein and Special Agent William O. Cregar of this Bureau, the aforementioned request was restated in that access was requested to all FBI materials in the King file relating to the Poor People's Campaign and the Sanitation Workers Strike from January 1, through April 4, 1968, and to all materials in the latter two files pertaining to Martin Luther King, Jr., for the same time period.

This is to advise that the bulk of the material desired is now available for review by the SSC Staff at FBI Headquarters. Because of the great volume of relevant material to be culled from our files, partial proffer is now being made. We are expeditiously processing the remaining material and the SSC will be promptly advised when it is available for review.

It should be noted that public source materials to which access is being provided are those contained in the main files on King, the Poor People's Campaign and the Sanitation Workers Strike. No items from newspaper clipping files (Sub A) which exist for King and Poor People's Campaign are being provided in view of the public nature and availability of same coupled with the very voluminous nature of these clippings.

With regard to excisions in materials to which access is being given, where no notation appears as to reason for excision, the excision was made for the reason that the information actually summarizes or quotes from conversations monitored during electronic surveillances of King. In some cases, it can be ascertained precisely what information in FBI files came from electronic surveillances of Dr. King; however, there exist areas where documentation of the information is not precise and no accurate determination can be made. Therefore, no assurances can be given that portions of the material to which access is being given do not contain information developed as a result of electronic surveillances of King.

Dear General Levi:

We have been asked to chair a special subcommittee of the Select Committee on Intelligence which will concentrate on matters relating to domestic intelligence activities of the Federal government. Our mandate is to prepare for the full committee's consideration a draft report of findings of fact on alleged abuses or excesses by the FBI and other domestic intelligence agencies; the causes of such alleged abuses or excesses and recommendations which the Committee might make to remedy the problems we have uncovered.

We are aware of the fine work in which your staff has been engaged in these areas and hope that they will be available to work with the Committee staff on these matters. However, the Subcommittee finds the Committee record needs to be supplemented in several important respects and therefore finds it necessary to direct a number of requests to the FBI for further information which we hope will be treated on a priority basis so that the Subcommittee can meet the deadlines set by the full committee. These and future requests which will be handled between the two committee counsel or Mr. Elliff, Domestic Task Force Leader, and Mr. Shaheen, Special Counsel for Intelligence Coordination, will pertain to both information necessary for us to formulate meaningful recommendations and to pursue matters on certain specific alleged abuses which remain unsettled. Among the future requests will be questions pertaining to your guidelines on "Domestic Security Investigations" and on manpower and budget statistics for the FBI's domestic intelligence program.

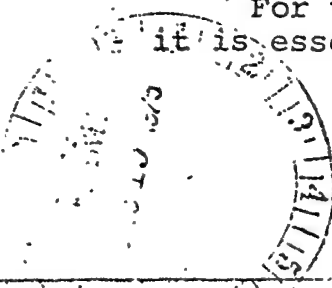

For us to meet the deadline set by the full committee, it is essential that the information requested below be

1. With respect to each of the examples of effective prevention of violence provided the Committee pursuant to John Elliff's letter of November 26 to Mr. Shaheen, please provide access to materials in the investigative file for the 6-month period preceding the act of violence prevented. Please deliver:

(a) All materials relating to the legal and factual predicate for each investigation;

(b) The first investigative report disseminated outside the FBI in each such case, and a list of recipients of that report;

(c) The total number of individuals whose names were referred to the FBI's general name index in the course of each investigation;

(d) The total number of individuals about whom information was obtained through informants, confidential sources, physical surveillance, electronic surveillance and other sensitive techniques; and

(e) The annual report from the office of origin for each such investigation to FBI headquarters for the last five years during which the case in question was an open investigation.

2. Please provide any information which you have refuting the suggestion made on page 34 of the General Accounting Office's September 24 report to the House Judiciary Committee, that cases in which violence can be predicted probably represent less than 2% of all FBI domestic intelligence investigations.

3. Please provide all memoranda or analyses prepared for the Justice Department, Director Kelley, or Assistant Director Wannall on the findings of the General Accounting Office as presented to the House Judiciary Committee on September 24.

4. Please provide the annual report from the office of origin to FBI headquarters for the investigation of

5. Please provide specific examples of cases where the FBI has taken action in the past similar to that which would be authorized by Section IV on "preventive action" of the draft Department of Justice's guidelines on "domestic security investigations."

Reference is made to SSC letter dated January 14, 1976, requesting certain materials from the FBI. Item 8, (a) and (b), of referenced letter requested all materials pertaining to or reflecting the nature of the "Director's Special List" as well as a listing of the items on the list.

The "Director's Special List," which has been in use for over 25 years, is an administrative device established to provide a special method of following matters considered to be of a priority nature in which the FBI Director has an immediate interest. The "Special List" is prepared on a daily basis, the original being furnished to the Director for his information and a copy being sent to the appropriate Assistant Director in charge of the division handling the subject matter involved. The Assistant Director then returns the copy to the Director's Office indicating the status of the inquiry. All copies of the "Special List" are destroyed at the end of 30 days. There are no copies permanently retained in FBI files. Form DO-11 captioned "MEMORANDUM FOR (ASSISTANT DIRECTOR'S NAMES) Re: Inquiries re status of ticklers" is utilized on a daily basis for making up the "Director's Special List." A copy of this form is attached for informational purposes.

PURPOSE: To advise that investigation in this matter has been completed and the Criminal Division of the Department of Justice desires no further investigation.

DETAILS: On 8/1/75, the Criminal Division of the Department requested investigation to determine the detailed circumstances of captioned subject's involvement in a former CIA Drug Testing Program and the destruction of official records pertaining to this program, reportedly on Doctor Gottlieb's orders.

Through investigation, it was determined that a co-worker of Doctor Gottlieb stated he had been in Doctor Gottlieb's office sometime in late 1972 or early 1973, and heard Doctor Gottlieb mention that Mr. Richard Helms, the Director of CIA, had ordered the destruction of all CIA's Drug Testing records. Additional interviews verified the information that Doctor Gottlieb was heard to state that he was destroying the Drug Testing records on orders from then Director Helms.

The Department advised that according to newspapers, Doctor Gottlieb was granted immunity and testified concerning this matter before the Senate Subcommittee to Investigate Intelligence Activities. The Department desired that Doctor Gottlieb, who maintains a residence in India, be interviewed in this matter and contact with his attorney in September, 1975, disclosed he would not be made available until after the above Congressional testimony. The Department still desired that Doctor Gottlieb be interviewed and no additional investigation.

NOT RECORDED

FEB 6 1976

On 10/20/75, Doctor Gottlieb's attorney advised he was unable to make Doctor Gottlieb available in the foreseeable future, but would notify the FBI when he could be made available. On 1/12/76, Doctor Gottlieb's attorney advised that he would not be made available for interview by the FBI.

**RE: INTERVIEW OF SPECIAL AGENT DAVID RYAN
OF THE INTELLIGENCE DIVISION, FBI HEAD-
QUARTERS, BY SSC STAFF MEMBERS**

On October 13, 1975, Miss Barbara Banoff, staff member, Senate Select Committee (SSC), telephonically contacted Special Agent (SA) David Ryan and requested he furnish, on October 14, 1975, an informal briefing to staff members of the SSC. This briefing was afforded to the staff members on October 14, 1975, from 10 a. m. until 1:30 p. m. Participating as representatives of the FBI were Mr. Hunter E. Helgeson, Inspector-Deputy Assistant Director, Intelligence Division, and SA David Ryan, Unit Chief, Analytical Research Unit, Intelligence Division. Miss Banoff, Ms. Mary DeOreo, and Messrs. Mark Gitenstein, Arthur Jefferson and Sam Bouschard represented the SSC staff. This informal briefing generally encompassed all areas of the discontinued Counterintelligence Programs (Cointelpros). All questions put forth by the SSC staff were forthrightly answered.

Subsequently on the morning of October 15, 1975, Miss Banoff telephonically requested SA Ryan to depose under oath before the SSC on the morning of October 16, 1975. Thereafter, on the late afternoon of December 15, 1975, Banoff caused to be delivered to SA Ryan a 14-page document entitled "Cointelpro - Deposition Outline." This outline, which contains some 125 specific and general areas of questioning along with numerous other related questions, constituted the subsequent deposition furnished on October 16 and 21, 1975, by SA David Ryan. A copy of this outline is attached.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

On October 16, 1975, SA Ryan was interviewed from 10 a. m. to 6 p. m., excluding approximately one hour for lunch, by SSC staff members at SSC offices in the former Carroll Arms Hotel, Washington, D. C. Participating in the questioning were Miss Banoff, Ms. DeOreo, Mr. Gitenstein, and Mr. Frederick A. O. Schwarz, Jr., Chief Counsel of the SSC. Also present was Ms. Rosemary Tacione, Court Reporter.

Miss Banoff stated that no member of the Committee (Senator) was available and thus Ryan would not be placed under oath. She stated that upon completion and transcription of the deposition Ryan would be asked to affirm under oath to its accuracy at which time his affirmation would be administered by a Senator. Ryan questioned as to whether this deposition would be classified, the level of classification, and the identity of the classifying officer. Banoff stated she was not sure of the correct answer to this question but indicated because the deposition would encompass FBI documents which were classified up to and including "Top Secret" the entire deposition would be so classified by the SSC. She added that the SSC had agreed with the FBI that no information received during this deposition would be publicized without the agreement of the FBI or Department of Justice. Based upon this commitment, the interview was commenced.

During the deposition, a number of internal FBI documents which had previously been furnished the SSC through established liaison with the Special Counsel for Intelligence Coordination of the Department, after being identified by Ryan, were entered as exhibits into the testimony. A number of these documents were classified up to "Top Secret." However, at the request of the SSC, these documents were subsequently reviewed by FBI Headquarters (FBIHQ), appropriate deletions were specified, and the documents with the deletions were declassified for use by the SSC in public hearings. This notice of declassification appears in FBIHQ memorandum dated November 14, 1975, which has been referred to the SSC.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

At the request of Miss Banoff, Ryan signed an "Advice of Rights" and "Waiver of Rights" statement, a copy of which is attached.

Ryan requested and received permission of the SSC staff members to make an opening statement. In this statement and in subsequent portions of the interview, he outlined he had been assigned supervision at FBIHQ for FBI Cointelpros for the approximate period 1963-1967. He said his supervision primarily related to the program directed against the Communist Party, USA (CPUSA), although he had been instrumental in preparing initiating documents relating to the programs directed against White Hate Groups, Black Extremists, Soviet-bloc Intelligence and the Special Operations, noting that the latter was in the nature of a control file utilized for consideration of a variety of intelligence-type operations primarily in the foreign or counterintelligence areas. He indicated he had been knowledgeable of the Cointelpro while serving in an FBI field office and since the fall of 1974 he had been assigned responsibility at FBIHQ for coordinating all matters relating to the discontinued Cointelpro operations. The latter included matters relating to Freedom of Information Act requests; press inquiries, and other publicity afforded the programs; civil suits, and inquiries of various congressional committees.

Ryan advised it was his view the FBI, during the period 1956 to 1971, reasonably, and within the perimeters of existing law, utilized Cointelpro activities for the sole purpose of limiting the capability of those practicing massive violence and subversion to the

U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)

detriment of the American people and our constitutional form of government. He advised his review of these programs and his experience with the CPUSA Program convinced him that they had an impact on the crises of the time, helped bring about favorable change, and that the FBI personnel involved acted with a reasonable, good faith belief they were doing what was necessary and lawful. He advised the Department of Justice had conducted a thorough review of the programs and had concluded none of the actions taken constituted a prosecutable violation of Federal statutes and only a small minority posed problems of civil liability. Ryan cited the so-called Petersen Report on FBI Cointelpros, a sanitized copy of which was released by then Attorney General William B. Saxbe on November 18, 1974, which stated, "The overwhelming bulk of these activities were clearly legitimate and proper undertakings, within the scope of the FBI's ongoing responsibilities."

Ryan also advised that in addition to the Petersen Committee review of the FBI Cointelpros, a review had also been conducted in late 1974 by Assistant Attorney General J. Stanley Pottinger of the Civil Rights Division. As a result of this latter review, it was announced by the Civil Rights Division on January 3, 1975, that it had "found no basis for criminal charges against any particular individual involving particular incidents."

Thereafter, the questioning commenced in accordance with the general "Cointelpro - Deposition Outline." Although Miss Banoff endeavored to confine her questioning to the outline, Ms. DeOreo requested extensive elaboration and constantly questioned whether Cointelpro activities were conducted in substantive files other than those captioned Cointelpro. This latter question was repeated on a number of occasions with Ryan responding that all matters relating to the rules and administration of the Cointelpros were handled ordinarily in the Cointelpro files.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SEC)**

During the discussion of the origin, implementation, supervision, and controls afforded to the Cointelpro targeted against the Communist Party, USA, Ryan outlined in detail the rationale for institution of this program which became the model for other subsequent Cointelpro efforts. He advised the FBI was concerned regarding the impunity with which the CPUSA and its members violated the laws of the United States and this was one strong reason for the initiation of the program. He cited the fact that there was documented information that the CPUSA had served as a puppet of the Soviet Union in this country since its founding in 1919 and that it had been a front for intelligence as well as political activities of the Soviet Government. He commented in some detail regarding evidence of the use of the Party as a vehicle for intelligence and indicated that there was still strong evidence of the Soviet domination and control of the CPUSA. When the program against the CPUSA was initiated, one of the initial tasks was to alert the Internal Revenue Service (IRS) to the identities of over a hundred Communist Party members who had assumed false identities and were operating in an underground status with false identification and through filing false Federal income tax information. Ryan commented regarding the Smith Act of 1940 which, at great expense in terms of FBI resources and informant coverage, was unsuccessfully utilized to contain communism. He indicated that the Internal Security Act of 1950 and the Communist Control Act of 1954 similarly had been rendered ineffective as a result of Supreme Court decisions. Congress had clearly indicated its intention to contain the Communist Party through this legislation, and there was a general attitude in the country that the communist problem should be "left to the FBI." The initiation of the program against the CPUSA was a collective decision motivated by FBI field offices and Headquarters supervision in response to the conditions cited above.

During the entire deposition, Ryan on two instances touched upon sensitive areas possibly subject to classification. These were in his comments relating to the foreign influence of the Communist Party and in his comment that one specific Cointelpro action directed

U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)

against the Party had possibly rendered the Party then and now ineffective. He was asked by SSC staff members to elaborate on these areas, and specifically by Chief Counsel Schwarz, but he refused to go into details based on the sensitivity and classified nature of the subject matter. The deposition furnished by Ryan, with review and possible excisions in these two areas of discussion, could be readily declassified.

During the deposition, Ryan was repeatedly queried for his opinion regarding the motivation and intentions of individuals involved with the Cointelpro. On a number of occasions Ryan refused to furnish his opinion stating as an FBI Agent for over 24 years he felt uneasy when discussing other than factual situations. SSC staff members and particularly Chief Counsel Schwarz stated that it was vital to their inquiry that the opinions of knowledgeable personnel in the intelligence community be provided to the SSC.

Each of the five basic Cointelpros was discussed in some detail. Ryan indicated he was not personally involved with the Cointelpro directed against black extremists or New Left revolutionaries and that his knowledge of these programs primarily was hearsay or based upon his review of documentation in FBIHQ files. He pointed out on numerous occasions in response to questioning that the programs were tightly supervised at FBIHQ, that there was no intent to harass, that each recommended technique was considered based on a counterintelligence objective, and that to his knowledge no violence resulted from any authorized Cointelpro action. He pointed out in a number of instances Cointelpro proposals were denied because of the possibility of physical harm and cited as an example the instance in 1968 when FBIHQ had instructed a West Coast field office to alert local police and two members of an extremist organization that a competing black militant group had plans to murder them.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

Without citing specific examples, Ryan advised that the Cointelpro directed against the Communist Party had developed a number of sophisticated intelligence-gathering techniques which were and continue to be productively utilized by the FBI in meeting its foreign counterintelligence responsibilities.

A major portion of the deposition on October 16, 1975, was consumed with questioning and the introduction of FBI documents regarding notification furnished by the FBI to the Executive and Legislative Branches regarding the Cointelpros and Cointelpro activity. In this regard, Ryan commented in some detail regarding the following matters and documents which he cited as constituting notification to responsible authorities of the existence of the programs:

1. The late Director J. Edgar Hoover briefed President Eisenhower and members of the Cabinet regarding the Cointelpro directed against the Communist Party on November 6, 1958.

2. Letters relating to Cointelpros were directed to Attorneys General William Rogers on May 8, 1958, Robert Kennedy on January 10, 1961, Nicholas DeB. Katzenbach on September 2, 1965, Ramsey Clark on December 19, 1967, and John Mitchell on September 17, 1969. The first two letters related to Cointelpro activities directed against the CPUSA and the latter three related to Cointelpro actions directed against the Ku Klux Klan and related groups. Additionally, a copy of the letter dated May 8, 1958, was sent to Presidential Aide Robert Cutler at the White House. A copy of the letter dated January 10, 1961, was sent to Secretary of State Dean Rusk, and a copy of the letter dated September 2, 1965, was sent to Presidential Aide Marvin Watson at the White House. It was noted that by letter dated September 3, 1965, Attorney General Katzenbach congratulated the late Director Hoover for efforts against the Klan, indicating it was unfortunate that these activities could not be afforded publicity so the Bureau could receive its due credit.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

3. Detailed information relating to the FBI Cointelpros had been prepared by former Director Hoover for "off-the-record" testimony before the House Subcommittee on Appropriations for six appearances before the Subcommittee between 1958 and 1966.

4. It was indicated that former Assistant to the Director Cartha DeLoach advised in November, 1974, he specifically recalled briefing Attorney General Clark and President Lyndon Johnson regarding Cointelpro activities. Former Assistant to the Director John Mohr advised in November, 1974, he recalled the Director, on several occasions, had furnished detailed information relating to the Cointelpros to the House Subcommittee on Appropriations. Mr. Nicholas P. Callahan, current Associate Director of the FBI, also recalled in November, 1974, that in the past Director Hoover had furnished information to the House Subcommittee on Appropriations relating to our Cointelpros.

Ryan stated he personally recalled on numerous occasions during the period 1963-1967 he prepared write-ups and summaries relating to the Cointelpro directed against the Communist Party and relating to Cointelpro actions. It was his understanding these write-ups would be routed to Director Hoover for his use in briefing appropriate Government officials regarding FBI Cointelpro efforts.

At the conclusion of the deposition on October 16, 1975, Mr. Schwarz advised Ryan it was contemplated by the SSC that three days of publicly televised testimony would be afforded to FBI Cointelpro activities. He said Ryan would be the principal witness on these days.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

At the request of the SSC, Ryan appeared at SSC offices in the Carroll Arms Hotel on October 21, 1975, and deposed from 2 p.m. until 5 p.m. SSC staff members present included Miss Banoff, Ms. DeOreo and Mr. Bouschard. Mr. Frank Shelbourne was present as Court Reporter.

At the beginning of this session, Ryan advised he desired to make an opening statement. He advised he had reflected upon some of the questions asked by Miss Banoff which appeared to overemphasize actions involving sex or immorality utilized in the Cointelpros. Ryan expressed concern that Banoff's interest was for headline purposes and not to seriously study the problem and to develop appropriate legislation to enable the FBI to meet its responsibilities in combating revolutionary extremist and subversive activities. He pointed out that he was concerned that Banoff appeared to be emphasizing a relatively few documents that dealt in the area of immorality on the part of Cointelpro targets, to the exclusion of the abundance of material she had been permitted to review which described legitimate, proper and effective actions calculated to curtail violence, subversion and extremism. He indicated he had determined through Banoff herself that she planned to question former SA Russell Horner, who had been responsible for Headquarters supervision of the New Left Cointelpro, extensively regarding Cointelpro actions involving immorality, and that she would question SA Thomas J. Deakin, who had been responsible for Headquarters supervision of the Black Extremist Cointelpro, in these areas. Ryan stated that Banoff's preoccupation in this area of sensationalism precluded objective discussion looking towards effective legislation and he therefore questioned the desirability of continuing his deposition to the SSC.

To support his contention, he quoted from Category 12, "Informing Family or Others of Radical or Immoral Activity," in the Petersen Report on FBI Cointelpros, which indicated,

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

"These activities represent a little more than one percent of all Cointelpro activities--a total of some 30 instances in all domestic-based programs. This type of activity was reported to have been used infrequently in connection with the Communist Party, USA, Program, and was not used in connection with the Socialist Workers Party Program. It was reported to have been used in 12 instances in connection with the Black Extremists Program, in two instances in connection with the White Hate Groups, and in 16 instances in connection with the New Left." Banoff advised in response to this citation that the SSC would make its own determination as to what areas of FBI abuse it would explore and that the SSC did not necessarily agree with the accuracy or conclusions of the Petersen Report. At this point Ryan indicated an intention to discontinue his participation in the interview.

Following a lengthy off-the-record discussion, Banoff agreed that she would express the concern of Ryan, as set forth above, to both the Chief Counsel and Minority Counsel of the Committee with the request that if they saw fit they would communicate Ryan's concern to the SSC members (Senators). Banoff agreed that she would advise Ryan in writing when this action had been taken.

Based on the above consideration, which Ryan requested be read into the testimony, he agreed to continue with the deposition.

The balance of the deposition was extremely general in nature, discussing such matters as the administration, supervision and coordination of the programs, and relationship to other FBI intelligence and investigative efforts and the bases for their termination.

U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)

During the period November 11-13, 1975, Ryan presented himself at SSC offices to review the transcript of his deposition. This transcript, which was classified "Top Secret," consisted of two volumes of 174 pages and 165 pages, respectively, and 27 exhibits. Although it is believed the transcript accurately indicated the true character of the Cointelpro effort and substantiated the contention that the programs had an impact on the crises of the time, helped bring about favorable change, and that FBI personnel acted with a reasonable, good belief they were doing what was necessary and lawful, there were numerous inaccuracies and errors in the transcription which generally distorted the testimony. These included highly significant errors such as use of the word "frequent" where "infrequent" should have been used, and a reference to the "Fifth Amendment" instead of the "First Amendment." Seventeen pages of handwritten corrections were presented to Miss Banoff. She indicated it was the practice of the SSC to insert these handwritten corrections behind the testimony as an appendix to the transcript. Ryan objected to this suggestion and insisted the document itself be corrected to accurately indicate the true testimony. Ryan requested this action be taken before the transcript was furnished, as Banoff previously indicated would be done, to members of the Committee (Senators).

It is noted that on November 18, 1975, the SSC held a publicly televised hearing at which time the SSC members and the public were furnished a briefing on numerous alleged FBI abuses, including those in the area of the Cointelpros. On November 19, 1975, Assistant to the Director-Deputy Associate Director James B. Adams testified in a publicly televised hearing before the SSC regarding alleged FBI abuses, including those relating to the Cointelpros. The SSC has indicated there will be no additional public hearings regarding FBI Cointelpros.

**U. S. Senate Select Committee to Study
Governmental Operations with Respect
To Intelligence Activities (SSC)**

Barbara Banoff of the SSC staff, on several occasions during the above deposition, indicated the deposition would be referred to the SSC members (Senators) for their review prior to public testimony relating to the Cointelpros so they would have a full understanding of the programs. She indicated this was one reason why it was desired that Ryan affirm under oath to his testimony.

On November 13, 1975, Ryan advised Banoff he was concerned that he had not received the letter promised by her indicating SSC members had been alerted as promised above. Banoff indicated she had not got around to taking care of this action. On December 1, 1975, Banoff and SSC member Michael Epstein were again reminded of Banoff's promise to furnish Ryan the letter described above. Banoff again indicated she had not found time to take this action. At this time she also indicated (1) that she had caused Ryan's corrections to be inserted into the text of the transcript of his testimony but that her action in this instance had been unique as this was not done in the instance of other depositions, and (2) that Ryan's testimony (deposition) had not been furnished to the members of the SSC (Senators) and that it was contemplated that certain portions of the testimony would be furnished to the Senators in the future in "digest" form. Banoff indicated if Ryan desired and if a Senator could be located to administer the oath, he could affirm to his deposition at any time he desired.

On January 8, 1976, Mr. Mark Gitenstein of the SSC staff was advised that Miss Banoff had failed to alert Ryan by letter as promised and he was requested to so alert appropriate SSC staff members.

As of this writing, Banoff has not forwarded to Ryan the promised letter, the terms of which resulted in continuation of Ryan's deposition, and Ryan has not affirmed his deposition.

By letter dated 1/19/76, Patrick V. Murphy, President, Police Foundation, Washington, D. C., informed the Director that he had accepted an invitation to participate in a panel of police officials at an Executive Session of a subcommittee of the Senate Select Committee on Intelligence Activities on Tuesday, 1/20/76. According to correspondence to Mr. Murphy extending the invitation from Senator Walter F. Mondale, Chairman of the subcommittee, the topic for discussion at the Executive Session would be the FBI's dissemination of the product of its domestic intelligence investigations to local authorities and whether such dissemination has been of value.

In his communication Mr. Murphy indicated that it would be helpful if someone on Mr. Kelley's staff would contact him in order to brief him concerning the issues involved in his testimony.

In response to Mr. Murphy's request I telephoned Mr. Murphy at his home at 5 p. m. on Monday, 1/19/76. With the assistance of Special Agent Albert F. Watters, Jr., of the Intelligence Division, who is familiar with the issues of concern to the Senate Select Committee, I outlined for Mr. Murphy what options the Committee was considering adopting to govern FBI domestic intelligence collection in the future. Specifically these options are: (1) to charter the FBI substantially in the same manner as it is currently chartered by Presidential Directives and other authorities to conduct investigations into subversive activities and related matters; (2) to take both domestic intelligence collection and foreign counterintelligence out of the FBI and create a separate agency to perform these functions; (3) to eliminate the domestic intelligence collection effort by the FBI and confine the Bureau to gathering evidence of Federal violations; and (4) to enact a statutory charter for the collection of domestic intelligence concerning a narrow range of matters involving potential force and violence, under strict guidelines such as those now being proposed by the Attorney General's Guidelines Committee within the Department of Justice.

Memorandum to Mr. J. B. Adams
RE: PATRICK V. MURPHY

I pointed out to Mr. Murphy that the subcommittee, in assessing the probable effect of eliminating FBI domestic intelligence investigations, would be most interested in his views as to whether this activity by the Bureau has been of value to local government officials in anticipating violence and dealing with civil disorder.

Mr. Murphy indicated that the Senate Select Committee's invitation, dated 1/15/76, left him little time to prepare for his testimony and that his remarks would, therefore, have to be of a general nature. However, he asked that I convey his appreciation to the Director for affording him an opportunity to become better acquainted with the broader questions of concern to the Senate Select Committee.

WALTER SHERRILL CROWE, JR. advised he lives at 1300 Topeka, Pasadena, California, telephone SY 4-7064. He is employed as a social worker in the Metropolitan Aid to Totally Disabled Section of the Los Angeles County Department of Welfare at 2615 South Grand Avenue, Los Angeles.

On examining a set of photographs, he positively identified SIRHAN BISHARA SIRHAN as a person he had known in the Pasadena School District since the sixth grade. He advised this acquaintance continued until both finished two years at Pasadena City College (PCC). He advised that they lived within two or three blocks of each other in addition to attending the same school and that he knew SIRHAN well but SIRHAN was not his best friend.

CROWE states in 1965, he left for college, University of California at Los Angeles (UCLA), and claims to have only seen SIRHAN once since that time, in March 1968. He contacted SIRHAN because CROWE learned through his mother, MARGARET CROWE, who is a member of the Westminster Presbyterian Church on Lake Avenue in Pasadena, that MARY SIRHAN, SIRHAN SIRHAN's mother, indicated SIRHAN wanted to see CROWE. When they met, they were together approximately three hours during the evening. They went to two topless bars in Pasadena and drank beer. They concluded the evening by eating tacos at Ernie's Taco Restaurant on Colorado near Fair Oaks in Pasadena.

During their time together, CROWE told SIRHAN about his schooling at UCLA, from where he had just graduated. They talked about the Mid-East and politics. CROWE claims to have not seen SIRHAN since that meeting and denies having talked to him on the telephone or having had any other contacts.

CROWE states that when he knew SIRHAN in 1965, SIRHAN counted heavily on Egyptian Premier NASSER and the United Arab Republic (UAR) gaining a victory over Israel.

In March 1968, although still favoring a UAR victory, SIRHAN seemed to have quieted down on the subject of Israel. He did not feel the Israeli Territory could be freed by the Arabs and that his general attitude towards Israel had mitigated. SIRHAN indicated a decreasing amount of interest in politics and an ambition to get a job, although he told CROWE he was always interested in the politics of the Near East.

CROWE stated that SIRHAN developed most of his sentiment against Israel from his family and he feels that SIRHAN had no stronger anti-Semitic feelings than did his mother, MARY SIRHAN. He stated that SIRHAN never became violent when arguing with him although he did argue strenuously. CROWE always took the attitude that the Zionists need not be driven into the sea but SIRHAN would argue excitedly in favor of this action.

CROWE does not believe that SIRHAN ever smoked. He was only a moderate drinker and then only rarely did he drink. He knew some girls, dated some, but CROWE never double dated with him.

CROWE feels that in March 1968, some kind of a barrier had arisen between them at their meeting. He knew that SIRHAN was probably jealous of his, CROWE's, education, while SIRHAN had been thrown from a horse and could not be a jockey. CROWE said he never saw SIRHAN outright mad.

CROWE recalled that SIRHAN stated in 1965 that he was dropped from PCC but that he would come back and the school would want him back. CROWE said he does not feel SIRHAN was politically motivated enough to murder Senator KENNEDY but, in retrospect, realizes he must have been.

CROWE recalled that at PCC, probably sometime in 1964, he attended, with SIRHAN, a banquet at the YMCA in Pasadena. This banquet was sponsored by the "Organization of Arab Students" (OAS). CROWE believes there were only four or five members of OAS at PCC but, at the banquet, there

10

were a large number and they were addressed by an Egyptian Consul. CROWE believes SIRHAN lost contact with other Arab students and bases this on the fact that during Christmas 1967, while shopping in Bullock's in Pasadena, he met two former Arab students from PCC. They had a friendly discussion during which these Arab students asked CROWE if he had seen SIRHAN.

CROWE stated that SIRHAN apparently had no opinion on Negroes. He believes SIRHAN is a member of the Greek Orthodox Church in Pasadena.

CROWE recalls two Arabs with whom SIRHAN was associated at PCC. They are MUSTAFA SERMAIN (phonetic), a student from Lebanon, and ABDUL DABBAS (phonetic), who taught Arabic at PCC.

CROWE can recall no specific discussion of American politics during the March 1968 meeting with SIRHAN. CROWE formerly went to a rifle range run by the City in Pasadena, owned guns and was interested in marksmanship. He stated that SIRHAN had absolutely no interest along these lines when he knew him.

CROWE stated he can recall SIRHAN as being moody, up one day and depressed the next. He tended to be withdrawn. CROWE cannot think of any additional information regarding SIRHAN but volunteered to communicate with the FBI if he should think of anything and, further, he is available for recontact at any time.

~~SECRET~~Date 6/7/68

WALTER S. CROWE, Jr., was interviewed in his home, 1300 Topeka, Pasadena, California. No one was at home other than CROWE for the first two to three minutes, then a much younger brother looked in the front door inquiring about whether he could spend the night with a neighbor friend at which time the interview was moved to an FBI car in front of the house. The car was driven three blocks away to another street where the interview was continued with CROWE in the back seat by himself and the interviewing Special Agents in the front seat.

At the outset of the interview CROWE was told that this interview would be about CROWE's alleged activities in the Communist Party, USA (CP). He was told that the question had now arisen as to whether there was any conspiracy to kill Senator KENNEDY that might involve the CP; that the public, the Congress, and the President was demanding and had a right to know the answer to this question. He was told he might conceivably have to testify in court or before Congress about anything he said during this interview. He said he understood the situation.

CROWE stated he would cooperate in every way possible. He was asked about his own CP activity. CROWE states in 1965, while a student at Pasadena City College (PCC), he had been active in forming an Ad Hoc committee that had to do with the issue of Negro rights and an effort to help secure these rights. CROWE claimed he was principal organizer.

CROWE stated that in 1965 at PCC he was also the principal organizer in an effort to get a Students for a Democratic Society Club (SDS) active on campus but noted that other students were apathetic, and it never got started. One TOM GOOD (phonetic) knew about this SDS club, but was not active and did not join or help form this club. DOUG LAYFIELD (phonetic) also a student tried to help form this club.

CROWE states SIRHAN SIRHAN knew about the formation of this club but was apathetic and never helped or hindered, did not join or offer to join the SDS club. At the end of the 1965 academic year in June, CROWE finished at PCC and in September began at the University of California at Los Angeles (UCLA). He almost immediately joined the UCLA chapter of the W.E.B. Du Bois Club that was then active on campus. The next year, sometime in 1966, he attended the W.E.B. Du Bois Club national convention in Chicago as a West Coast representative. However, by late 1966 or early 1967, the W.E.B. Du Bois Club had grown unpopular because the members at UCLA got tired of it and it folded.

CROWE states that in April, 1967, he and seven others formed a Student Club of the Communist Party, USA, on the campus of UCLA. They met to discuss political matters, he paid dues, but not to any national headquarters, only in his group. He remained in this CP club until he was graduated in March, 1968. He is still in the club, but each of the other seven members graduated with him, and they are considering forming an ex-student CP club. CROWE stated joining the CP club was a natural extension of his membership in the W.E.B. Du Bois Club.

With regard to SIRHAN, CROWE states he considered him "erratic" in his political philosophy and though essentially liberal and left of center, he had definite phases of his thinking where he was right of center, particularly on the subject of the state of Israel. When asked what he meant by liberal, CROWE stated, "politically liberal." Pressed for more definite information, CROWE states he does not know SIRHAN's economic philosophy. Politically, SIRHAN favored movements that according to CROWE are considered by the general populace to be left of center. CROWE states SIRHAN was opposed to the Vietnam war.

While at PCC in 1965, CROWE recalls that SIRHAN claimed he wanted to live in society in the United States and get along with people and make money. SIRHAN was not interested in the SDS Club that CROWE wanted to form. Although aware of CROWE's activities, SIRHAN did not support him. CROWE cannot recall specifically discussing the formation of the SDS group with SIRHAN although SIRHAN must have known. SIRHAN would likely have been on the fringe of groups where CROWE was expressing a desire to form the club and where SIRHAN must have overheard such expressions.

13
~~SECRET~~

~~SECRET~~

LA 56-156

CROWE states he was in the W.E.B. Du Bois Club at UCLA after he left PCC and dropped out before his 1968 meeting with SIRHAN so that SIRHAN could not have known of this club membership while CROWE was a member.

CROWE tried to fix the date he went out with SIRHAN, that is, the first time he saw SIRHAN since 1965 which is also the last time he ever saw or spoke to SIRHAN. CROWE was interviewed on June 7, 1968. He believes the time he went out with SIRHAN was four weeks and two days prior to this date. CROWE looked at a calendar and stated the date was Friday, May 2, 1968. CROWE recalled he began working for Los Angeles County as a social worker the day before this date, that is, Thursday, May 1, 1968.

CROWE states he met SIRHAN about 8:00 p.m. just as it was getting dark (daylight saving time had just gone into effect). They met and ate dinner at Bob's, 1616 East Colorado, Pasadena, California. They ate from 8:00 p.m. to 9:00 p.m. During this time and since they had not seen each other since June, 1965, they exchanged personal information. SIRHAN said he had been working with horses since graduation, had fallen several times, was not currently working, and had not completed his education. CROWE then told SIRHAN about completing his BA work at UCLA, about joining the W.E.B. Du Bois Club and the Student Club of the CP.

CROWE states he told SIRHAN that the CP, USA and the CP in Russia functioned differently and were not the same group. He also mentioned to SIRHAN that the Russian Government was supporting the Arabs with arms in the fight against Israel. CROWE claims he did not directly tell SIRHAN that the two CP's were in effect helping Russia which in turn was helping the Arabs; however, he thinks it possible this impression could have been perceived by SIRHAN. CROWE asks the question how can he know what influenced SIRHAN. SIRHAN never told him this was significant information, he showed no surprise, gave no indication of startled enlightenment, he accepted this information along with other information that CROWE was verbalizing.

14
~~SECRET~~

~~SECRET~~

LA 56-156

CROWE states there is no way that SIRHAN could know the other seven members of his CP Club and noted that he has not told SIRHAN. Further CROWE said he does not walk the streets recruiting CP members and for that matter based on SIRHAN's prior lack of interest in the SDS would not and could not have recruited him for the CP at this time. CROWE says that recruitment would have to follow overt activities on the part of SIRHAN over an extended period of time, like membership in a club like the W.E.B. Du Bois Club that CROWE was in. Since this background was lacking in SIRHAN, CROWE could not recruit him and did not try.

CROWE states that of the hour between 8 p.m., and 9 p.m., when they talked, the discussion of CP activity, including the W.E.B. Du Bois Club took about twenty minutes. At about 9 p.m., two other former students whom CROWE recognized but whose names he absolutely does not know and never knew, came into Bob's Restaurant. He stated Bob's is the restaurant adjacent to Pasadena City College and is frequented regularly by students as a hang-out. These two former students joined CROWE and SIRHAN both of whom recognized both of them and vice versa. At this point CROWE discontinued all efforts to discuss anything personal with SIRHAN since he and SIRHAN were out "on the town" for the evening. The other two students decided to join in and they left Bob's going to a topless bar across the street from Dow Radio on East Colorado Boulevard in Pasadena. They next went to a topless restaurant on Foothill Boulevard in the eastern part of Pasadena, named the Black Cat. After a very few beers in both bars they all went to Ernies Taco Restaurant on Colorado near Fair Oaks in Pasadena, had some Mexican food, split up, the two others going off together and he and SIRHAN going their separate ways. CROWE did not see, talk to or communicate with SIRHAN in any way, directly or indirectly since that time.

CROWE states he is "aware of the awful" implications of his contact with SIRHAN. He has seen a Los Angeles newspaper account of an interview of Mayor SAM YORTY since the murder of Senator KENNEDY wherein YORTY make reference to

~~SECRET~~

~~SECRET~~

YA 56-156
(rhm, Jr./vaa)

notes that once belonged to SIRHAN which suggest that SIRHAN believes in the objectives of the Communist Party. CROWE "hopes to God" that dates on these notes are prior to his talk with SIRHAN on May 2, 1968. CROWE states this matter weighs heavily on his conscience. He hopes he did not influence SIRHAN to shoot Senator KENNEDY. He cannot believe that his brief remarks to SIRHAN could be the motivation, but since he does not know of anyone else who contacts SIRHAN, knows only of his own contact, he has an ache in the pit of his stomach when he thinks of the consequences. He says he is examining his own conscience searching for an answer; he says he has a "dreadful" fear that he might be responsible for this shooting which he states must be considered one of the crimes of the century.

CROWE cannot think of any way in which to further clarify his feelings or enlighten this investigation. He says he is always available for recontact and interview further at any time and he was told he would be recontacted and reinterviewed.

CROWE states he never discussed the current political scene in the United States with SIRHAN on their May 2, 1968, meeting and never discussed Senator KENNEDY or any candidates in the California primary with SIRHAN.

Date 9/20/68

On September 18, 1968, WALTER S. CROWE provided the following information after being advised as to the identities of the interviewing agents and the nature of the interview. CROWE was interviewed at the Los Angeles County Department of Public Social Services, 2707 South Grand Avenue, Los Angeles, California, where CROWE is employed as a case worker.

CROWE advised he graduated from the University of California at Los Angeles (UCLA) in June, 1968, at which time he accepted employment on a full time basis with the County of Los Angeles in the Department of Social Welfare. CROWE plans to return to the campus in the near future to commence work toward a Master's Degree in the field of Social Work.

CROWE when asked to account for his whereabouts at the time of the bombing of the draft board in North Hollywood and the destruction of the Army vehicles in Van Nuys, advised he would be unable to recall exactly his location at the time, but due to the time factor, he felt most certainly that he was probably asleep in the cooperative apartments located on the UCLA campus. CROWE stated the FBI is well aware of his political beliefs and also aware of his belief in peace and love for everyone. Therefore, he would make no consideration toward a militant stand or militant act and cannot understand how the FBI could possibly associate these bombings with any peace action group.

CROWE refused to discuss his association with any particular student organizations, refused to discuss his feelings toward the war in Vietnam, or the present draft system in the United States. CROWE continued the FBI is totally aware of his activities since he declared himself a Conscientious Objector. He feels certain that the FBI is eavesdropping on telephone conversations and from time to time, is shadowing him throughout Los Angeles. CROWE stated that if he should learn of the responsible parties in either bombing, he would notify the FBI Office in Los Angeles.

PEACE ACTION COUNCIL

The "People's World", a weekly west coast communist newspaper, in its issue of November 5, 1966, in an article on Page 3, describes the Peace Action Council (PAC) as, "a coordinating agency for peace activists" which conducts emergency mobilizations and demonstrative actions against the war in Vietnam.

On July 22, 1966, a source reported that the PAC, which has also been known as the Greater Los Angeles Peace Action Council (GLAPAC), was formed during the early summer of 1966, for the express purpose of protesting the war in Vietnam during the National Governors' Conference held in Los Angeles, California from July 4 to July 8, 1966. Following the conclusion of that conference, the PAC members decided to continue as a coordinating group to sponsor similar protest demonstrations at later dates.

This source was recontacted on May 8, 1968, and reported that the PAC continues to operate under the same basic concept.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Fort Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes", the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

Crowe is a graduate of the University of California at Los Angeles (UCLA) in June 1968.

Source One, who has furnished reliable information in the past, advised that from October 1966 through August 1967 Walter Crowe was active in the UCLA Chapter of the W. E. B. Du Bois Club of America (see Appendix). Source One further advised that Crowe has participated in numerous anti-Vietnam war demonstrations. (S)(u)

Source Two, who has furnished reliable information in the past, advised in January 1969 that Crowe was now a past member of the Southern California District Communist Party (SCDCP), after joining in April 1967 for the stated purpose of "evading the draft." Source Two advised that Crowe had attended numerous meetings of the SCDCP from November 1966 to September 1968, when his activities ceased.

Source Two advised that Crowe attended numerous functions of the Students for a Democratic Society (SDS) (see Appendix) Chapter at UCLA from November 1967 to June 1968.

Sources familiar with Crowe and subversive activities in the Los Angeles area advise that there has been no activity on the part of Crowe since October 1968.

acquaintance with Sirhan B. Sirhan, accused slayer of Senator Robert F. Kennedy. Crowe advised at that time that he had known Sirhan since they were both in the sixth grade of school at Pasadena, California. He stated that he had lived within blocks of Sirhan when they were children, but that he and Sirhan were not close friends. Crowe stated that from 1965 to May 1968 he saw Sirhan only one time. Crowe stated that after his May 1968 meeting with Sirhan he felt that there was a barrier between them, because Sirhan was jealous of Crowe's education.

During the interview of Crowe on June 7, 1968, he was informed that the interview would concern his alleged activities in the Communist Party. Crowe advised he would cooperate in every possible way.

Crowe advised that in 1965, while a student at Pasadena City College, Pasadena, California, he was active in forming an Ad Hoc Committee that dealt with the issue on Negro civil rights. He further stated he was active in the SDS at Pasadena City College in 1965. Crowe said that Sirhan was attending Pasadena City College at that time, but that he was apathetic toward the SDS.

Crowe stated that he, Crowe, joined the W. E. B. Du Bois Club Chapter at UCLA in about October 1965 and remained active in the chapter until it folded in early 1967.

Crowe advised that in April 1967 he and seven others formed a Student Club of the SCDCP on the UCLA campus. He advised that this group met to discuss politics, and that all dues collected went to their club and not to any national headquarters. He advised he remained active in the club until his graduation from UCLA in the spring of 1968.

Crowe advised that Sirhan did not support him in any of his clubs or activities. Crowe further advised that recruitment for the Communist Party would have to follow overt activities on the part of the person to be recruited. He said Sirhan took no such overt action, and he did not attempt to recruit him.

Crowe advised that he had not seen Sirhan since the one meeting in May 1968, and that he had never discussed Senator Kennedy with Sirhan.

WALTER SHERRILL CROWE, JR.

Source Two advised in January 1969 that Crowe has not attended SCDCP meetings during the past three months and no longer considers himself a Communist Party member. Source Two stated that Crowe looks upon himself as a Marxist. Source Two said that Crowe would like to quit his job as a social worker and attend graduate school. Source Two described Crowe as being a very reserved and shy person who is lacking in self-confidence and is very passive.

On January 23, 1969, Source Two furnished the following information concerning the relationship between Crowe and Sirhan B. Sirhan:

Source Two advised that Crowe and Sirhan were close friends during grade school and high school days to the point where they exchanged such things as phonograph records. During this period Crowe was not a member of the Communist Party, but he was a socialist in his thinking.

Source Two advised that in May 1968 Crowe spent an evening with Sirhan, and that following this meeting Crowe felt that Sirhan had become stagnant and despondent and had not advanced in his political thinking. Crowe felt that because he, Crowe, had gone to college, he had progressed politically and intellectually, and that he and Sirhan had nothing in common. Crowe told Source Two that Sirhan thought politically along Marxist lines in that he believed there is a ruling class and that imperialism does exist, but that Sirhan was not a political activist. Crowe felt that Sirhan was despondent because of the Arab problems, which Sirhan blamed on United States support for Israel.

Source Two said that Crowe lived at his family's home, 1300 Topeka Street, Pasadena, California, following his graduation from UCLA in the spring of 1968 until about June 10, 1968, when he moved into the cooperative at UCLA. Crowe stayed at the cooperative during the summer quarter of 1968, although he was not attending the university, and Crowe then returned to live at his family's home.

Source Two advised that Crowe attended Communist Party meetings until October 1968. Source Two advised that Crowe did not attempt to recruit Sirhan into the Communist Party at any time, and that Sirhan never discussed Senator Kennedy with Crowe.

Source Three advised in January 1969 that Crowe has been employed as a Social Worker, Metropolitan Aid to the Totally Disabled, Los Angeles County Department of Welfare, since May 1968. Source Three advised that Crowe has been steadily employed since that time and was not absent from work on any day during the months of May, June or July 1968. Source Three described Crowe as being a slow, absent-minded worker who is shy and withdrawn but still honest to the point of embarrassment.

W. E. B. DU BOIS CLUBS OF AMERICA (DCA)

A source advised that on October 26-27, 1963, a conference of members of the Communist Party, USA (CPUSA), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would hunt for the most peaceful transition to socialism. The delegates were told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself.

A second source has advised that the founding convention for the new youth organization was held from June 19-21, 1964, at 150 Golden Gate Avenue, San Francisco, California, at which time the name W. E. B. DuBois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention.

The second source advised in September, 1966, that MIKE ZAGARELLI, CPUSA Youth Director, stated that in Negro communities the Party still supported the plan to build "left" socialist centers and to solidify the Party base through the DCA. This source also advised in September, 1966, that DANIEL RUBIN, CPUSA National Organizational Secretary, stated the Party believes the DCA should have a working class outlook and be a mass organization favorable to socialism, socialist countries and Marxism, and in April, 1967, GUS HALL, CPUSA General Secretary, indicated that the DCA primary emphasis should be on developing mass resistance to the draft.

A third source advised in September, 1967, that JARVIS TYNER was elected Chairman of the DCA on September 10, 1967, near the conclusion of the Third National Convention of the DCA held in New York, New York, from September 8-10, 1967.

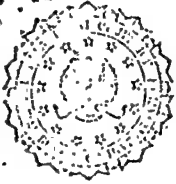

A fourth source advised on July 26, 1968, that JARVIS TYNER continues in his position as Chairman of the DCA.

This fourth source also advised on July 26, 1968, that JARVIS TYNER is a member of the National Committee of the CPUSA.

This fourth source further advised on July 26, 1968, that the headquarters of the DCA is located at 34 West 17th Street, New York, New York.

Dear Mr. Attorney General:

During your appearance before the Select Committee on December 11, 1975, there was considerable discussion concerning proposals for a warrant requirement for the use of paid and controlled informants to infiltrate political groups in domestic intelligence investigations. You expressed concern that a warrant requirement in such cases would be impractical and would unduly burden the courts.

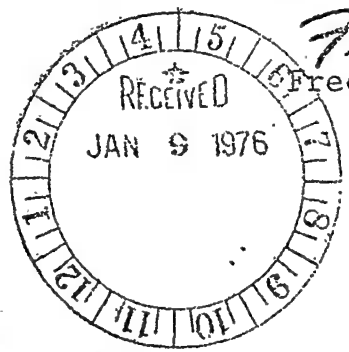

Second, you indicated the Justice Department would be developing guidelines for the use of informants. Presumably, their provisions might so limit the manner and predicate for use of informants as to make a warrant requirement unnecessary.

To explore this matter in greater detail before the Committee drafts its recommendations, we seek your comment on the enclosed set of questions which are designed to focus on some of the practical aspects of a warrant requirement. In addition, please feel free to comment on other aspects of a warrant requirement for informants and to state the case against warrants, including what provisions might be included in the prospective guidelines which would tend to make a warrant requirement less useful.

Sincerely yours,

Frederick A O Schwarz Jr
Frederick A. O. Schwarz, Jr.

Enclosure

62-116395-1336

ATTACHMENT

1. If the effect of new guidelines on the opening of domestic intelligence investigations is to substantially reduce the number of such investigations, would there not be a corresponding reduction in the number of intelligence informants? If so, would this not greatly reduce the number of warrant applications that would have to be submitted to the courts or to an administrative review body? Would this affect your view that such a requirement is overly burdensome?
2. According to figures submitted to the Select Committee by the FBI, as of June 30, 1975, there were 1,040 domestic intelligence informants. How would you assess the impact on the work load of the judicial system if a warrant application were applied to an informant program of this approximate size?
3. Would not the alleged impracticality of an informant warrant requirement be greatly reduced if judicial approval was required, not for each individual informant, but for the use of a particular number of informants against a group that is the subject of a domestic intelligence investigation? What are the reasons why this could not be done?
4. In United States v. United States District Court, 407 U.S. 297 (1972), the Supreme Court stated that different standards for a warrant application may be appropriate as between criminal surveillances and those involving domestic security. 407 U.S. 322-323. What standard would you suggest for a warrant requirement for intelligence informants?
5. What is your view with respect to the proposal that, rather than a judicial warrant requirement, the Attorney General or his designee approve the use of informants in domestic intelligence investigations?

The Honorable Edward H. Levi
 Attorney General
 U. S. Department of Justice
 Washington, D. C. 20530

Dear Mr. Attorney General:

Your statement to the Committee on December 11, 1975 indicated that on February 26, 1975 you instructed FBI Director Kelley to report to you "any requests made of the Bureau or practices within the Bureau, which he deems improper or which present the appearance of impropriety." You stated further that on February 28, 1975 Director Kelley ordered FBI personnel to report such requests or practices to him. According to your written statement, you reaffirmed your February directive in July 1975 and made an additional request "for a report of all sensitive investigative practices."

You indicated that the Director promptly complied with your directives and "has regularly provided information on conduct by Bureau agents and programs underway within the Bureau that could raise questions."

In your response to questions from members of the Committee you testified that the information reported by Director Kelley in response to your directives dealt with FBI activities and programs outside the COINTELPRO.

The Committee requests that you provide it with all documents, including but not limited to Director Kelley's memoranda and the attachments thereto, which you have received from the FBI in response to your directives of February 26 and of July 1975. The Committee will, of course, treat these documents in the same manner in which other sensitive material has been handled.

I look forward to your response to this request.

Many thanks for your informative and thoughtful testimony. Your continued cooperation is greatly appreciated by the Committee.

Sincerely,

Frank Church
